Dear Dr. Martin:

We are mailing you today a 33 RPM long playing record of the Services for my father, which includes Dr. Thorn's sermon and the vocal selections .

This record can be played on any record player that will handle 33 RPM records.

We thought you might like to have it, because we know how much W. C. valued your friendship and appreciated the work you are doing at Ottawa University.

The record is yours to keep and to do whatever you wish with it.

Sincerely,

Dr. Andrew B. Martin, President

Dear Sheldon:

Your name was submitted by the nominating committee and you were enthusiastically voted in as a member of the Board of Trustees of Ottawa University in your father's place, at the fall meeting October 7.

May I say personally, how gratified I am that you consented to have your name presented and that you are now a member of our Board. I know you will enjoy the relationship and with your experience, you will be of real help to us.

With best wishes,

Yours cordially,

Andrew B. Martin
President

Dear Sheldon:

We have been exceedingly busy since the Convocation and I am only now getting off messages of thanks to those who participated.

It was a great occasion from every standpoint and I want you to know that your part in the panel was greatly appreciated. We have had all sorts of comments regarding the program and I believe the panel that you and Joe Coppoc conducted was the best of the whole afternoon. For your cooperation on this occasion, we are profoundly grateful.

Yours cordially,

Andrew B. Martin

Dear Sheldon:

Thanks for the record of the funeral service for your father which I received in good shape. This will be a valuable addition to our library of special records of this sort. We are very glad to have this record because of your father's long and faithful connection with the college. He has often told me how much it meant to him to see Ottawa University making some progress.

I was present at the funeral itself, and I thought it was arranged in wonderfully good taste and remarkably well done.

With best wishes for the Christmas Season,

Sincerely,
Yours sincerely,

Dr. Andrew B. Martin, President
