

A very marked and rapid improvement has been made by a large proportion of the pupils, yet a few, I am sorry to say have done but little credit to themselves or their teachers.

While it will be seen that the number has steadily increased from year to year at a comparatively encouraging rate, the scholarship has advanced in a far greater ratio and justifies a hopeful outlook for the future of the school. Indeed, I believe that, with a thoroughly organized effort, with an increased no. of teachers, and better facilities for boarding you may expect a marked advance in attendance and interest.

Gentlemen, as I am now about to retire from the position which I have held for four years as President of Ottawa University, allow me to thank you one and all for the courtesies you have shown me and the assistance you have given me in the arduous labor necessarily associated with the establishment of a school in the immediate vicinity of large and well appointed institutions for higher education, patronized by other denominations and by the State.

Trusting that deep earnestness and perfect unity may mark all your efforts and that God's blessing may rest on the School, I am
