Dear Mrs. Bushman:

We are pleased to hear you and your group will be visiting Kansas City next Spring. The tentative dates for the Ice Capades next April are the 12th through the 21st. You can obtain group rates on groups larger than 20. Last year, the price ranged from \$2.50 to \$4.50. It is not known now if they will be the same again. The ticket office is set up around the middle of February, so you could write them directly at that time to the Municipal Auditorium Box Office, 1310 Wyandotte, Kansas City, Missouri for the information.

Sincerely,

Sharon Long

Dear Sir:

The Ottawa University Women's Club is planning a trip to Kansas City some Saturday next March or April. We would like our trip to coincide with the dates the Ice Capades will be appearing and to attend a Saturday evening show as a group.

Would you please advise us of possible dates and of ticket prices for our University group. If you do not have this information, please direct our request to the proper place. We would appreciate an early reply.

Sincerely,

Dear Martha,

This is to confirm our
telephone conversation arranging
for the Panel to present a
program for the Ottawa
University Women's Club on
Wed., March 6, 1968 at 8 p.m.

Since I grew up in Ottawa,
I'm looking forward to this
particular program! I'll send
names and publicity material
when the date draws nearer.

Sincerely,

Dottie Harder

Dear Mrs. Bushman,

Your letter came while I was in the hospital and it is only now that I can get to it. I hope it is not too late.

Mrs. Robert Harder, 408 Leland²
(Topeka)
is the one I would suggest you write to concerning the Panel of American Women. She serves as moderator of one of the groups and was one of the instigators. Incidentally she is the daughter of Dr. Welty, a dentist in Ottawa.

I can think of no more interesting or thought provoking program than

Dear Mrs. Fetter:

Mrs. Leonard Meyers, President of Ottawa University Women's Club, suggested that I write to you for information about the Panel of American Women. We are most interested in having them present our March program. Could you give us the information we will need to get in touch with them about it.

I was sorry to miss the recent meeting with officers of other women's groups in the area. Mrs. Meyers was so enthusiastic about it and felt that the give-and-take among the different groups resulted in valuable ideas and suggestions. We would be interested in taking part in a similar program another time.

Sincerely,
