

And would do some thing to remove  
the unwholesome influence felt here  
as else where from an unconditionally,  
free tuition to a class.

But these points, not unimportant?  
are only on the verge.

If I read aright it is an opportune  
time again to ask what are we aim-  
ing to do in and by Ottawa University?

This will help to determine what we shall  
do for it. Success is primarily conditioned  
by a clear, controlling conception of  
what we are undertaking. Let us  
once again and once for all review  
and fix a definite aim. Let us the  
representatives at least be one in  
what we try to do. And we should  
aim at nothing less than Collegiate  
training. This is fundamental.

Professional or special education  
taken alone can not fail to be partial  
not less in effect than in itself with  
the appalling danger that the part  
will be taken for the whole. Strength  
and symmetry of manhood which shall  
fit for the best exercise of the  
Stewardship of intell<sup>l</sup> in what ever  
branch of Christian ~~service~~ <sup>service</sup> - these  
are the product we should help to  
mature. While primary and eclectic  
and normal and business department  
may for the time be demanded and  
we should be unwise to neglect the  
demand and while for the time our  
freshmen will go to other, larger older  
and more attractive colleges (and they  
will not long do so if we all are  
true and wise in the administra-  
tion of our trusts) it behoves

And would do something to remove the unerhole some influence fell here as else where from an unconditionally free tuition to a class.

But these points not unimportant, are only on the verge.

If I read aright it is an aperture time against to ask what are we arriving to do in and by Ottawa University.

This will help to determine what we shall do for it success is primarily conditioned by a clear controlling conation of what we are undertaking. Let us once for all receive and fix a definite aim. Let us the representation at least be one in what we by to do, and we should aim at nothing was them called collegiate xxxxxxxxxx. This is fundamental.

Professional as special education taken alone can not fail to be partial not was in effect than in itself with the appalling danger that the past will be taken for the whole strength and symmetry of manhood which shall fit for the best exercise of the xxxxxxxxxx of intellect in what ever branch of Christian service-these are the product we should help to motive. Which primary and elective and normal and business department may for the time be demanded and we should be unwise to neglect the demand and while for the time our freshmen will go to other, larger older and more attractive college (and they will not long di so if we all are true and wise in the administration of our work) it be houses.
