President's Letter

This is the last President's page I shall be writing. With thoughts of the Convention lingering on, I want to thank all those who contributed to a successful twenty-first biennial meeting.

Our hosts at Bowling Green exceeded our highest expectations. The cooperation of the administration and all departments together with the superior performances of a large number of host students both before and during the Convention provided the basis

for success. I would like to mention names but realize that the ones whom I might forget to name would probably be the most deserving of our praise. So will all of you at Ohio Eta please accept our sincere thanks for genuine hospitality.

There is also another group of people deserving of special credit. I refer to the convention and contest committee members. Much of their work before and during the Convention was of necessity unobserved by most of us. But let me assure you that from the time of their willing acceptance of appointment in September 1958 until the results were all reported, they served faithfully and well.

May I also extend a personal word of appreciation to the members of the standing committees and to the council members who have worked continuously for the past two years. Their work has not been just to bring about the 1959 Convention but also to further in many ways the general welfare of our society.

As we look to the future, it is well to remember that the work of Pi Kappa Delta goes on every day of the year. Our Secretary-Treasurer can attest to this fact. The Editor of our *Forensic* is aware of this. Our committees on scholarship, charter and standards, public relations and research, are all concerned with the day by day progress. But even more important is the daily work which is done at the local chapter level and at the Provincial level. Here our future will be determined. Certainly our national meeting every two years can serve as an immediate goal and as a lasting stimulus. But at this convention I have become aware more than ever before of how little we communicate relative to the high ideals of Pi Kappa Delta. The ground work has to be established at home. Not more than a fourth of our students ever attend a National. Only a very few attend more than once. Even more surprising to me is that less than half of the forensic directors who attended the 1957 convention were present in 1959. The turnover is rapid. If the ideals of Pi Kappa Delta are to become meaningful, they must be made meaningful largely on the local level. The ideals to which I refer are those unwritten principles which serve as the stabilizing structure of all great organizations. They are transmitted from one generation of students to another by those who have a sincere desire to practice the art of persuasion beautiful and just.

I believe our efforts in recent years have been directed toward making the local chapter a more hard working and more respected unit on the campus.

May our new president have the same cooperation from each of you which it has been my privilege to receive. Communicate freely and frequently with your Council and the Editor of the *Forensic*. Look forward to participating in our Golden Anniversary Convention.

"Though I speak with the tongues of men and of angels, and have not charity, I am become as a sounding brass, or a tinkling cymbal."
—I CORINTHIANS 13:1.

Is Speech a Tinkling Cymbal

by PATRICIA M. LITSHEIM

'ex Minnesota Beta, 1956 alumnus Wisconsin Zeta

Today from within the tense atmosphere of the atomic and hydrogen bombs there is many a tinkling cymbal. Perhaps never before has the tempo of the times demanded intelligent men and women to meet the doctrines of the demagogues with a forceful, reassuring echo of truth.

What is speech education doing to meet this challenge? An eight months study revealed the following information:

The Evangelical Lutheran Church supports five senior liberal arts colleges in the United States which maintain active Pi Kappa Delta chapters. The ELC Board of Education has allowed the colleges to establish their own objectives and aims of speech education. The result is an integration of Christian principles regulating the application of academic and co-curricular activities.

The verbal training emerged from a division of the English Departments. In 1919-1920 Concordia (Minnesota Zeta) included a division of Public Speaking; Augustana (South Dakota Eta) in 1926-27 allowed a speech minor; St. Olaf (Minnesota Beta) listed a separate division in 1927-1928 as Spoken English; Luther (Iowa Xi) in 1933 developed a Speech Department and in 1940 Pacific Lutheran (Washington Epsilon) established their Department of Speech.

Correspondence from 335 students, faculty and speech alumni of the ELC colleges classified the philosophy of speech education in Lutheran Colleges in these categories:

1. Speech education is taught with a well balanced liberal arts program with a strong religious background. It teaches a theology of communicating the Christian faith and principles by being adequately trained for individual and group communication.

2. There is no distinctly "Lutheran" philosophy of speech. It operates on the same philosophy as a public or state college.

3. Speech education seeks to teach the truth and to speak it effectively at all times.

Equipped with these philosophies of speech education the colleges have developed an interesting PKD program.

SAINT OLAF COLLEGE

In 1922 the Minnesota Beta chapter was granted through the combined efforts of the St. Olaf Literary Board, Einnar Hammar and Edward C. Jacobsen, then a college senior. Mr. Jacobsen wrote from his desk at the ELC Department of Education in Minneapolis, Minnesota,

"... I was in charge of installing the chapter at St. Olaf, the first Lutheran school. In 1921, Dr. Boe (college president) had refused to give his o.k. I 'stuck my neck out' in 1922, got official acceptance from national headquarters first, then had to sell Dr. Boe. He okayed, with the necessary modifications and precautions."¹

Interstate oratorical champion of 1909, Chaplain Sigurd T. Sorensen of Chicago, Illinois; Dr. Lawrence M. Stavig, president of Augustana College and Dr. Fredrick A. Schiotz, president of the ELC, were charter PKD members.

In 1938 Mr. Orville Dahl, forensic coach at the Norwegian-American institution, was elected Upper Mississippi governor and the following year his chapter hosted the provincial tournament. Mr. Dahl is presently director of the proposed Ventura Lutheran University in California.

Mrs. Pauline Krieger, a 1949 alumnus, served as forensic chairman at Macalester College and provincial secretary-treasurer. Mr. Robert A. Forsythe, a 1947 alumnus, successfully gained PKD membership for

¹ Personal letter to author, spring 1958.

the College of St. Catherine in 1949 where he was debate coach. He served as provincial governor before accepting the appointment of Legal Counsel for the Select Committee on Small Business of the United States Senate. He is now Congressional Liaison officer of the Department of Health, Education and Welfare.

Dr. Theodore F. Nelson served as governor of the province, in 1951 was elected national vice-president and in 1955 was installed at the Redlands convention as president of PKD. He is chairman of the Speech Department at St. Olaf.

St. Olaf students annually sponsor the High School Debate Tournament and the Se. Olaf College Women's Tournament. Of the St. Olaf personnel contacted 57.7% were members of PKD and of those 65.1% were speech majors.

AUGUSTANA COLLEGE

The South Dakota Eta chapter was installed at Augustana in April 1924. The local membership included three honorary and ten active members in the Province of the Sioux.

Mr. Hugo A. Carlson joined the English faculty in 1925 and for fifteen years his interest and coaching ability encouraged the college forensic teams. He explained, "... Intercollegiate debates were held before capacity audiences practically always, usually with a critic judge from outside the city. Preparation for the public, large audience debates, was very thorough. Platform decorum, dress, audience psychology, and persuasive techniques were given considerable importance."²

Mr. Carlson is presently Director of Development at Gustavus Adolphus College, St. Peter, Minnesota.

In 1932 one of the successful Carlson debaters was Harold C. Svanoe who graduated cum laude in education with a major in history and minors in English and speech. Today Dr. Svanoe is PKD advisor and forensic director at Luther.

Miss Clara J. Chilson, a 1939 alumnus, majored in speech, English, history and minored in economics. She helped establish a speech department at PLC before joining her alma mater faculty in 1952. Miss Chilson was provincial governor in 1954 and has served on national speech committees. She volunteered,

"... here at Augustana we are deeply rooted in a solid academic program which emphasizes scholarship in the broad training we call liberal arts."³

At the 1958 provincial tournament Paul Rogness received superior awards in debate and extemporaneous speaking. He is a Rhodes Scholar at the University of Oxford, England, and the son of Dr. Alvin N. Rogness, 1925-1927 speech coach at Augustana, currently president of Luther Theological Seminary in St. Paul, Minn.

CONCORDIA

Since receiving the PKD chapter at the Lexington convention in 1934 Concordia has been proud of the active student participation in Minnesota Zeta. Alumni are quick to recall that President Eisenhower's administrative official, Gabriel S. Hauge, served as the first PKD president; Gustavus Adolphus refused to debate when a lady appeared on the Concordia debate team; fifty cent dinners were purchased at tournaments in the 1930's and the PKD initiates competed vigorously for the "oil can" oratorical trophy at the spring banquet.

This chapter sponsors two forensic tournaments annually, the Red River Valley College Forensic Tournament and the Tri-State High School Debate Tournament. Begun respectively in 1933 and 1945, these tournaments are attended by over 70 teams.

Much of the success of the Concordia delegations belongs to Mr. Allwin D. Monson, a 1938 alumnus, who joined the faculty in 1948 as speech instructor, forensic director and PKD advisor. He is serving as chairman of the department of speech and in 1957 released his forensic assignment to Mr. John Burt.

LUTHER

The development of speech education originated in the ELC institutions when plans for the "Preacher's School in Decorah" were begun in 1857 and were visualized as Luther College instructed five students in 1861. The period of the late 1800's and early 1900's emphasized the role of the literary societies in the formation of speaking attributes. The intersociety competition in forensics, especially in debate, cul-

² Letter to Edward LeRoy Meyer of Huron College, June 20, 1953, quoted in Mr. Meyer's master's thesis.

³ Personal letter to the author, June 10, 1958.

minated in the intercollegiate debate tournaments, begun as early as 1904 when the Luther negative defeated Augustana, Rock Island, Illinois. Team member, Rev. Thoralf A. Hoff, now retired, debated the proposition, "Resolved: That the strenuous life of today is detrimental to the American people." He said,

"Each one of us worked with two main objects in mind. First came the effort to gather as many irrefutable facts as possible, and to assemble these in an orderly manner, that is logically. The next was to stand up straight and speak out with open mouths so that all could hear what we had to say, enunciating every word clearly."⁴

Luther became the Iowa Xi chapter in 1936. Dr. Kenneth L. Berger debated for three years at St. Olaf, joined the Luther faculty in 1941 and for 17 years was PKD sponsor and forensic coach. He is speech director at Sacramento State College. Luther's advisor, Dr. Svanoe, has served as sponsor for three college PKD chapters and is no novice in establishing outstanding records in speech.

PACIFIC LUTHERAN COLLEGE

The youngest PKD group, PLC, was quick to establish a commendable record. In 1940 Professor Theodore Oscar Henry Karl established the speech department and in 1949 Washington Epsilon chapter was installed. Professor Karl has served as an executive council member of the Western Speech Association and as its Speech Activities Coordinator. In 1958 he was elected to the position of second vice president of the Western Speech Association. He is now provincial governor of the Northwest. He holds the degree of Special Distinction in PKD instruction.

The local chapter has sponsored the Washington State High School Debate Tournament, the West Coast College Debate Tournament and a series of international debates.

These five colleges are attempting through their speech program and PKD affiliation to develop the theological communication of truth so speech is not just a tinkling cymbal.
