## DR. WARD IS AGAIN ABLE TO BE OUT AFTER SICKNESS

---

All students and friends of Ottawa University are glad to know that Dr Milan Ward, who has been confined to his home for the past several weeks, is considerably on the mend. It was a pleasing sight to see his beloved figure at the inter-class track meet, and Dr. Ward has been able to attend many functions during the past week.

The won't-be-downed spirit of this

---

grand old man is a constant source of inspiration to all who know him. Former students of Ottawa University, cherish no memories more precious than those of Dr. Ward, and he has built for himself a lasting place in the heart of all students, one that abides with all who knew him in the past, one that is constantly growing in the hearts of those who know him now, and one that will ever be his in the lives of coming student generations.

Dr. Ward hopes to live to see the Old Science hall rebuilt, and as the work is to be pushed to completion this summer, there is no doubt but that this hope will be fulfilled.
