

THE "MESSIAH" REHEARSALS.

Work on Big Music Production Being Directed by Prof. Bixel.

The Oratorio society, under the direction of Prof. J. W. Bixel, will this year take up the great oratorio, "The

Messiah" by George Frederick Handel.

The prospects for a good chorus are excellent. Every student who has time and is able to carry a tune should avail themselves of the opportunity of singing in the chorus. One hour credit will be given for singing in the chorus through the entire season.

The first reheasal will be held next Tuesday evening in the down town studio, recital hall, 330 Main street,
