EMPIRE FALLS The Lines Have Been Drawn

4 song 7" \$3.50 US PPD / \$4.50 World PPD
The debut release from North Carolina's heaviest. Think Earth Crisis if they had listened to more Judge in their formative years. Brutal, take no shit straight edge hardcore, with apocalyptic imagery and lyrics. Violent, unforgiving shit...I can see right through you brother... Get this to see what their up coming CD release on Back To Basics will be like.

FF004

"...right off the bat, I was blown away... east coast style, extremely tough, highly recommended."
-Midwest Metal

"...this is ferocious hard-core from Maryland and I can tell you one thing right away, these guys are a bunch of very angry and pissed off people... when you hear these songs, one thing comes out loud and clear, their heart and honesty. Every song is awesome and I won't fluff it up anymore than I need to..."

ARA BENEFIT CD

The power of music has always been of great importance to Anti-Racist Action. In the past, ARA has had overwhelming success on the road with great bands such as The Mighty Mighty Bosstones. ARA has been well received out on the road, and this has helped ARA to reach you and many other liked minded individuals that otherwise would have probably never heard of ARA. Music unites and motivates us all, it is something we all love, and because of this ARA is proud to announce its first CD compilation.

The release of this CD is yet another link in the ARA chain of strength. The CD will help to diversify ARA by broadening our support base, and attract increased exposure. This CD will be a valuable tool in helping ARA be introduced to even more like minded individuals. This CD will not only be packed with great music, but it will introduce you to many other chapters and groups working within the ARA Network. As well as many other related organizations and individuals that can benefit from your support.

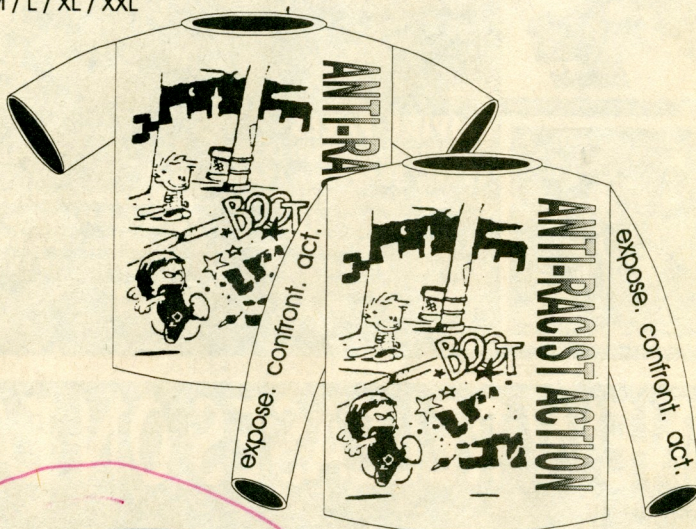

The Suicide Machines, Mephiskapheles, H2O, Fahrenheit 451, Citizen Fish, Good Riddance, Violent Society, Jello Biafra, Napalm Death, Acumen Nation, Link 80, The Toasters, Ensign, In My Eyes, and many more to come will help to make this CD as musically diverse as the ARA-Network itself.

The CD will feature unreleased material from all the bands which should bring a smile to your face again and again. Music is a part of our lifestyle, just as the fight against racism, sexism, fascism, and other forms of oppression are so help us continue to wage war on ignorance and hate. For more information, on the Benefit CD, such as release dates and band updates, check out the ARA web page at: www.aranet.org, or contact us at Anti-Racist Action Benefit CD c/o Attitude P.O.
