Alice Jo:

Thought you might like a copy of the 1972-73 budget and the actual expenditures.

We were well under our budget and even though a lot of talk and thought was given to printing yearbooks you will note that \$75 was allowed for yearbooks and \$30 for supplies making a total of \$105 allowed. We actually only spent \$57.54 and \$47.85 of this was for yearbook.

I have called Virginia Flusser and she plans to stop by and pick up the books this week.

*Dorothy H.*
