Voice and Theory from the Ohio Normal university, receiving first honors in a class of one hundred thirty-six. He studied for several years in Chicago and New York. From the latter place he took up further work in the Royal Conservatory of Music in Dresden, Germany. Prof. Bixel is a man of large experience, mature executive ability, and boundless energy. The location of the University Conservatory in Eastern Kansas is a very advantageous one, and under Professor Bixel's direction, its growth will be rapid.
