

The President Speaking . . .

The Torch of "Brick" Peacock

It is a joy and a cause of deep gratitude to hold in loving memory such a radiant vital life as that of Clarence ("Brick") Peacock. It is a high honor for Ottawa University, - alumni, faculty, students, - to know

him as one of us, and a deeply interested and loyal alumnus since his graduation, incarnating the very spirit of Alma Mater in his high purpose, unselfish and ceaseless ministry, severe standards of self-criticism, smiling acceptance of every call of duty and whole-hearted devotion to the will of God.

Faithfully and gallantly did "Brick" carry his flaming torch in the great relay race of life, then suddenly it fell from the hands of the spent runner. We dare not let it lie and flicker out! There are so many lives and homes in our community and throughout the world that sorely need its light and cheer!

In love for him, in loyalty for the things for which he stood and to the Master whom he followed, in gratitude for the radiance and richness of his selfish ministry, let us who are still in the race take from his faithful hands the flaming torch, and in his joyous gallant spirit—Carry on!

W. P. Behan
