follows: Edward Betz, Vice-President; Wilbur Moore, Sherod Collins,

and Cunera Van Emmerik, Council Members.

The roll was called and a ballot given to each delegation. Eighty-eight chapters were represented. After the votes were counted, the chairman announced that Edward Betz had been elected president and Sherod J. Collins, vice-president. The name of G. W. Finley for secretary-treasurer for two years was presented to the assembly and he was elected.

Miss Van Emmerik gave the following report for the charter

committee:

Report of the Charter Committee

First of all the committee would like to thank the members of the National Council, the provincial governors, and others who have helped by giving information and in other ways.

Since 1942 the committee has received seventeen petitions for charters. The attitude of petitioning schools showed an eagerness for membership in Pi Kappa Delta even in years of curtailed activities.

Since there has been a long interval between national tournaments, it seems wise to review the standards upon which charters are granted in Pi Kappa Delta. (Here Miss Van Emmerik read the standards.)

Now concerning the seventeen petitions received during the past

five years.

Two of them were not considered because the institutions were not members of the North Central Association or its regional equivalent. One of them was not considered because it was not a four year school. One of them withdrew to revive its chapter of Delta Sigma Rho. One failed to get the approval of the province of which it would logically have been a member if accepted.

Seven of them were accepted by referendum. Five of these had

chapters installed.

The State College of Washington, Pullman, Washington. Whitewater Teachers College, Whitewater, Wisconsin.

Drury College, Springfield, Missouri.

Lewiston State Normal, Lewiston, Idaho, now Northern Idaho College of Education.

Louisiana Polytechnic, Ruston, Louisiana.

In the other two the referendum was completed so late that chapters have not yet been installed.

University of South Carolina, Columbia, South Carolina.

University of Georgia, Athens, Georgia.

The four other petitions are being acted upon at this tournament. Further report on them will be made at our next business meeting.

R. D. Mahaffey, Roy D. Murphy, Cunera Van Emmerik, Chairman. Mr. Battin, chairman of constitution revision committee, presented an amendment to Article 5, Division C, Section 2, recommending that all of the paragraph be deleted after the word "instruction." Mr. Battin explained that this was an attempt to correct a contradiction in regard to the election of Council members. Moved by Mr. Betz that the amendment be adopted. Carried. Also in Article 5, Division C, Section 2, paragraph 3, the words "or more" be inserted after the word "five." Adopted.

Mr. O'Connell asked that delegates wear their badges to all meals and eat at the place to which they were assigned. The announcement of the rooms for meetings of the provinces at the close of the business

session was made.

Adjournment.

THIRD BUSINESS SESSION, FRIDAY MORNING

APRIL 11, 9:00 A.M.

The chairman of the nominating committee presented the names of five candidates for the National Council. The convention was to elect three from this list:

Cunera Van Emmerik, Central College, Iowa.

Evelyn Kenesson, Bowling Green State University, Ohio. Dana T. Burns, Baldwin-Wallace College, Berea, Ohio.

E. O. Wood, Louisiana College, Pineville, La.

Roy D. Mahaffey, Linfield College, Linfield, Oregon.

The roll was called and each delegation was given a ballot containing the names of these candidates.

Mr. Battin, constitutional revision chairman, continued with his report on constitution amendments.

An amendment was offered making the term of office of the editor of THE FORENSIC four years without the privilege of re-election. Carried.

The name of Dr. Wilbur Moore, Central State College of Education, Michigan, was submitted by the National Council and he was elected.

After much debate on constitutional amendments, it was voted that hereafter all proposed amendments should be printed and sent to the chapters for careful study before a convention.

The committee recommended that the requirements for membership be changed from three decision debates to six decision debates. Dr. Holmes moved that this matter be submitted to the chapters for a referendum vote. Carried.

The section on fees, page 10, was amended to eliminate the payment of fees for Honorary Members.

Other changes made in the constitution will be printed later.

Maurice Hess presented the following report:

Report of the Committee on Resolutions

The Fifteenth National Convention of Pi Kappa Delta, National Forensic Honor Society, whose biennial meetings were interrupted by the circumstance of war, has assembled after the cessation of hostilities in a period hopefully striving to remove the destructive scars of war and

establish permanent peace.

To Bowling Green State University, and its President, Dr. Frank J. Prout, the trustees, faculty, students, and employees our sincere thanks are due for graciously offering for our use the excellent facilities of the institution for lodging, meals, contest rooms, and recreation, and for assistance in judging and serving as chairmen and timekeepers. Especially do we express our thanks to the staffs of the various dormitories and sorority houses, the Library, Swimming Pool, Hospital, Falcon's Nest, and other dining halls, as well as the University Club and Women's Club, who sacrificed an Easter vacation for our comfort.

The Fifteenth National Convention of Pi Kappa Delta, National Forensic Honor Society, whose biennial meetings were interrupted by the circumstance of war, has assembled after the cessation of hostilities in a period hopefully striving to remove the destructive scars of war and

establish permanent peace.

To Bowling Green State University, and its President, Dr. Frank J. Prout, the trustees, faculty, students, and employees our sincere thanks are due for graciously offering for our use the excellent facilities of the institution for lodging, meals, contest rooms, and recreation, and for assistance in judging and serving as chairmen and timekeepers. Especially do we express our thanks to the staffs of the various dormitories and sorority houses, the Library, Swimming Pool, Hospital, Falcon's Nest, and other dining halls, as well as the University Club and Women's Club who sacrificed an Easter vacation for our comfort.

Our thanks are particularly due to the local Eta Chapter at Bowling Green, and its President, Betty Ruth Krabill, and Dr. Evelyn Kenesson, Director of Forensics and Local Chairman, and other members of the Speech Staff for their long hours spent in planning the many details for our comfort and the smooth functioning of an effective Convention. With them we include Governor Dana T. Burns of the Province of the Lakes, Convention Arrangements Chairman W. V. O'Connell, and all chairmen and committee members serving the Convention and its contests, as well as Student Representatives on the National Council, Bob Parkins, and particularly Miss Glenna Smith, upon whom fell the major responsibility for organizing and managing Stunt Night with the help of her capable assistant, Willard Staub.

Generous publicity for the Convention was furnished by the Bowling Green Sentinel-Tribune and the Toledo Blade. We also appreciate the co-

operation of Radio Stations WFIN at Findlay and WTOL at Toledo in providing a place for programs arranged by Dr. Alfred Westfall, who for fifteen years has served capably as Editor of The Forensic and has provided a welcome medium for unifying the activities of our numerous local chapters which are spread over an extensive territory.

We are under distinct obligation to our President, Martin J. Holcomb, who succeeded to the office after military duties deprived us of the services of our capable and highly respected President, Glenn R. Capp. President Holcomb performed efficiently his duties in a time made difficult by the disruption of collegiate activities, and for a term lengthened by restrictions which prevented a National Convention since 1942. His efforts were ably seconded by Vice-President Edward S. Betz and Council Members Wilbur E. Moore, Cunera Van Emmerik, and S. J. Collins and Past President W. V. O'Connell.

Special mention needs to be made of our beloved Secretary-Treasurer, George W. Finley, for his nearly a quarter of a century of devoted and efficient service to our fraternity. His meticulous knowledge of details and his unusual tact have given continuity to the changing administrations. Some of us have learned to love him as a father; all of us greatly regret his inability to be present in person with us at the Convention. It would be ingratitude on our part if we did not express our appreciation to his wife, Mrs. Dora Finley, and his daughter, Mrs. Nona Voris, who cared so courteously for the Convention duties of his office in his absence.

We pause in silent tribute to the memory of those members of our fraternity whose lives were sacrificed in the great catastrophe of a world war; and we remember those who now suffer from impaired health because of the things which they endured. For making possible the impressive Memorial Service on Sunday evening we express our appreciation to the Choir of the First Christian Church and its Director, Organist, and Soloists, to Wood County Auxiliary 45, American Legion Post, to Professor Guy Eugene Oliver for his impressive address, and to all others who contributed to the service.

We reaffirm our faith in the ideals of democracy, and its handmaiden, freedom of speech. We believe that sane, factual, and logical discussion of disputed issues, local, national, and international, is the most effective antitidote at hand in coping with the "isms" which threaten our American way of life. To this end we recommend effective support to the basic principles of the United Nations, an organization not yet perfect, in order that it may develop toward perfection. We pledge ourselves to be tolerant of honest differences of opinion but to be guided in our actions by a fearless adherence to the truth. We plead that capital and labor have due regard for the rights of each other to the end that the general good of all may supplant selfish advantage.

Grateful to Almighty God, who has made and preserved us a nation favored far above many of our fellows, we pledge ourselves to use and develop the power of speech which has been given to us in such a way that our fellowmen in any part of the world may say of us that we regard the art of persuasion as both beautiful and just.

Respectfully submitted,

MAURICE A. HESS,
Chairman, Kansas Omicron,
McPherson College.
E. R. NICHOLS,

California Alpha, University of Redlands.

Miss Van Emmerik reported for the charter committee that the petitions for charters from Spring Hill College and the Texas College of Arts and Industries were being voted upon by the chapters of their respective provinces and that later they would be voted upon by all the chapters in a referendum.

Greetings to the convention from Alma and S. R. Toussaint,

Greeley, Colorado, and Louise Byrns, Commerce, Texas, were read.

Report of the nominating committee was made by D. J. Nabors announcing the election of E. O. Wood, R. D. Mahaffey, and Evelyn Kenesson to the National Council.

George Pflaum discussed the initiation ritual and moved that the President and Council select a committee for its revision. Carried.

President-Elect Edward Betz called a meeting of the newly elected Council for 1:30 p.m. Friday.

Convention adjourned.

CONVENTION NEWS

The convention had its daily newspaper, a mimeographed sheet issued each morning. The following items appeared in it.

One coach, Harold Schory, had to be rescued from his room on the third floor of the Alpha Xi Delta sorority when the lock caught. He escaped a judging assignment. Tom Houston drew a roommate who snored, asked for a second assignment, and got a second snoring coach. There were two blind students. Richard Schrempf, Augustana, Illinois, was in the discussion contest. Gene Cole, Carson-Newton, debated. The traveling championship went to Prof. Roy Mahaffey and his Linfield debaters. From Oregon they went to Los Angeles, El Paso, with a side trip into Mexico, New Orleans, Baton Rouge, spent a week in New York City, four days in Washington, D. C., took in the Grand National tournament at Fredericksburg, Virginia, and spent a day in Chicago on

the way home after the convention. All in all they were on the road more than four weeks and traveled over 9,000 miles.

Two additional congressmen were turned up at the convention. The Convention Booklet had listed Francis Case and Karl E. Mundt of South Dakota, and Alvin E. O'Konski of Wisconsin. To that list were added George Mahon of Texas, a member of the Theta chapter at Hardin-Simmons, and Albert L. Reeves of Missouri. Congressman Reeves is an alumnus of William Jewell who used to coach fornesics at Mary Hardin-Baylor. He is the man who defeated the man that President Truman and the Pendergast machine used to eliminate the Democrat that the President said was wrong.

Among the interesting people attending the convention were National Founder E. R. Nichols, Redlands, California, and Mrs. Nichols. Professor Nichols has attended almost every convention, but it was the first time for his wife. William Youngdahl, the son of the Minnesota governor, represented Gustavus Adolphus. Alfred Rambochand, who represented Macalester, is a native of British Guiana. And then there was Harold Howard who saw the convention from the hospital. He waited until he got to Bowling Green to break out with chicken pox. He recovered just in time to start back the day after. There was the interesting father and daughter combination of Prof. W. A. Stephenson and Etta Iane of Hardin-Simmons.

Canada was less than a hundred miles away. Some of the delegates made a flying trip across the border. When they returned they had to make their customs' declarations to a guard who was a former

Morningside debater.

When Barbara Stapleton, Baldwin-Wallace, reached Bowling Green, she learned that Beverly Prue, her debate colleague, who had gone to her home in Pennsylvania for spring vacation, had been cut off by high water. Of course that dropped the team from the tournament, because there cannot be a one-man team in a woman's debate tournament. After starting time for the first round, she learned that Gerry Webb, of George Pepperdine College, Los Angeles, who had come for some of the other events, was also a debater. Gerry was spending the afternoon in the swimming pool, but she was pulled out, dried off, and put on the platform with Barbara. The obliging judge, Dr. L. C. McNabb, Millikin University, agreed to hear the debate at a later hour. The Ohio and California girls had not met until debate time. "I was impressed by the team work of the young ladies," reported Dr. McNabb. "Their cases fitted together very logically. Forensic certainly develops versatility." Although they were not officially entered in the tournament, the girls won six of their eight debates.

Student stunt night was a grand success. Tied for first were Thelma Hokey and Barbara Hansard, duet from East Central State College, Ada, Oklahoma, and Floyd Clark, Michigan State College, with his reading, "The Unhealthy Ways of the People in the Bronx." Right behind them was another tie, awarded honorable mention: Lloyd Gaddis, the boogie-woogie piano player from College of Puget Sound, Tacoma, Washington, and Melvin Steinbron, the slide trombonist from River Falls State Teachers, Wisconsin.

Seven other schools also presented numbers: Gene Cole, the blind singer from Carson Newman, Tennessee; Howard Privatt and Malkam Sillars, George Pepperdine College, California, presenting a take off on debate; Mary Scherick, Central State College of Education, Michigan, "The Slave Dance"; Carl Fisher and Bill Shinn, Northeast Missouri State Teachers, Kirksville, "The Radio Commercials"; Ronald Kern, Dick Conn, Betty Ruth Krabill, Clyde Schultz, and Bud Gruene, Bowling Green, a take off on debate; Doris Carlberg, Margie McAllister, Harold Brack, Evangeline Erickson, John Swenson, and David Lorenz, "The Cellar Stairs," representing Augustana, Illinois; John Baird, College of the Pacific, vocal solo. These were the survivors from an original field of eighteen entries.

Great credit should be given the student representatives on the National Council, Glenna Smith and Will Straub, both of Bowling Green. Mention should also be made of Bob Parkins, Kearney State Teachers, Nebraska. Bob was originally elected to the National Council and did some of the preliminary work in preparing for "stunt night." Shortly before the convention he had to go to the hospital for a sinus operation. Will Straub was appointed to carry on in his place. He was certainly a happy selection for M. C., and handled the microphone like a veteran

who had been hanging around a lot of night clubs.

The Informal Mixer

The convention delegates were guests Monday night of the Province of the Lakes at an informal mixer. Arrangements had been in the hands of Dana T. Burns, Governor of the Province; Glenna Smith, and Will Straub, student representatives on the National Council.

Howard Leibee mixed us up! We learned that there was really no North, no South, no East, no West; just the United States and Texas!

After enjoying the refreshments prepared by Elsie Lodge and Dorothy Anderson, we were thoroughly entertained with Ronald Kern's readings and the floor show, featuring Jay Cherry, Dick Price, and Ivan Szekely, the piano playing chemistry professor.

The Convention Dance

Hearts are always young and gay when youth and pleasure meet to chase the glowing hours with flying feet. The semi-formal convention dance Thursday evening, another courtesy of the Province of the Lakes, was a delight, from decorations to orchestra. The red and white of Pi Kappa Delta dominating the decor, made the hall bright and gay. "Soft eyes looked love to eyes which spoke again and all went merry as a wedding bell." Or also as merry. Some of the old hoofers, who perhaps remembered when they could whisper a tale in a lady's ear, found that the old dogs did not shuffle as lightly as they once did. But the girls looked lovely.

THANKS TO THE JUDGES

I wish to take this opportunity to again thank each and every judge for the splendid co-operation which we had in the judging program. My experience in the past with this type of thing does not give me a measuring stick for comparison, but I am mighty sure that in no case have we had finer co-operation. I am not sure what suggestions I should make as to reporting the judging situation for future contests. It seems to me the conscientious effort on the part of the coaches and the local committeemen in charge of the local judges is the main factor in making for a successful contest. I am sure the general arrangements at Bowling Green were of great assistance in making it possible to have judges at the right place and at the right time.

Favorable comments were made regarding the card that was given to each judge, which makes me believe it is definitely worthwhile and I, therefore, recommend some system of informing the judge as to the time he is to work, as being a favorable permanent procedure.

In closing may I again say thanks to all the judges and to the

contest committees in general for their splendid co-operation.

SHEROD J. COLLINS, Chairman Committee on Judges.

ON THE SUBJECT OF SUBJECTS

(Continued from page 93)

unable to make "direct share" less ambiguous without framing a less debatable question. But Congress and the country are deeply disturbed over labor-management relations. We who coach debate could answer proudly when our colleagues in the social sciences asked what our debaters were studying.

But next year? Mounting tension divides the two great world powers in Greece, Turkey, China, Korea, Germany, Austria, Trieste. Rumors spread of a Russian atomic bomb. Five million unemployed walk the streets. "And what's your topic this year?" "We're debating reduction of the national debt." If our debaters and orators are not concerned with the most vital national and international questions of our day, then who is?
