

pus & we recommend that a committee of three be appointed to confer with him in regard to his plans & report to this board.

Resolved that while we recognize the importance of the principles enunciated in the report of Prof. Dethland with reference to disciplinary studies we believe that the present demand of the people for a practical education is specially adapted to prepare young men & women for business & for teaching in our public schools & should be heeded by establishing such courses of study as may be adapted to those ends.

With reference to Affiliation with the University of Chicago as recommended by the faculty we can see that great advantages might result from such affiliation if it can be secured without surrendering our individuality or doing injustice to the trusts committed to us we therefore recommend that a committee of five members of this board be appointed to arrange definite terms & report to an adjourned meeting of the board.

With reference to the request of the literary societies for rooms in the old building we recommend that action be deferred until a new president is secured.

Respectfully Submitted
