THE MINISTRY OF THE GIDEONS

Serving as a non-sectarian, extended arm of the church, The Gideons International, composed of Christian business and professional men, is carrying out a broad ministry of Scripture distribution in nearly 60 countries which no single denomination could undertake. The fact that the Gideon Association is interdenominational gives its members access to almost all institutions. They give freely of their time and money and enjoy the good will of the public. Their cause is liberally supported by the church.
