

Ottawa Leads the State in Another Field of Athletics.

Coach Wann has made an unqualified hit! Ottawa has never had a coach who studies and teaches strictly Eastern football, and its introduction, together with its special apparatus and methods, has awakened in-

tense interest throughout the body of
Ottawa's adherents. Wann has car-
ried football into a field which has
hitherto been untouched. A regular
schedule of football classes with only
girls enrolled is being conducted un-
der his tutelage. Thursday at 1:30 p.
m. the first class met. The fair fan-
cettes were instructed in the fundamen-
tal theories of the great sport, and
urged to assist the coach in keeping
the men in training. Ottawa's co-eds
are enthusiastic over the situation
and prospects are growing better
daily.
