The President's Page

"Tis time we said adieu." This is the last of my pages and I'll miss the responsibility, although the editor will be relieved at not having to wait and wait for this page copy to get into his hands. It has been a joy to have had the honor of being President. Meeting all of you at the Convention made the term of office a pleasure which will never be forgotten. For those of you who were not at Kalamazoo, I can say that we missed you and were sorry that you couldn't have had a part in the fun, fuss, and fume of the Convention and its many activities.

Before writing finis to the Convention we all pay tribute to our hosts and the work they did. The facilities were adequate and pleasant and the college and campus were really ours. From the time we arrived until we left the members and friends of Michigan Alpha Chapter furnished real Pi Kappa Delta hospitality. A standing ovation to all of them!!

What have we done in the past two years? In an organization as large as ours and distributed over such a wide territory it may seem difficult to accomplish anything unified. Our strength lies in the individual chapters and their achievements. It is for this reason that the Charter committee works month after month, and day after day at the Convention, to review the activities of the local groups. This also, accounts for the fact that we took the action we did at the Convention when some chapters were dropped from our ranks and others were warned. Strength does not lie altogether in size but rather in activity. You, in each chapter, need to answer the opening question. If the answer is not satisfactory then you must make the changes.

During the past two years we have tried to strengthen the Province organizations, to give the Governors more responsibility, to get into closer touch with the individuals in the Province. Fine progress was made in this regard and the Province Conventions in the next year should demonstrate the value of getting together every year. Every Governor was in attendance at the National; every chapter should be in attendance at the Province next spring. One very valuable recommendation should be considered there; namely, the extension of the term of office for the Governor to a four year period. The National Council works with the major problems of the fraternity but the Governors comprise the larger Council which works with the active life of the fraternity.

We have carried on, also, some extensive correspondence with the other National fraternities trying to devlop projects which would establish a more stable program in the entire forensic field across the country. We can learn much through greater co-operation with Delta Sigma Rho and Tau Kappa Alpha and Phi Rho Pi.

Finally, we made some advances in our constitutional procedures at the Convention. We need to increase our membership and rebuild our reserves. Our magazine has made fine progress and we need to assist the Editor with the type of material we would like to see. We need to contact other schools with chapters which may want assistance. We need to encourage wide awake schools to join us in membership. We need to plan for the next biennial Convention wherever it may be held. My personal thanks to all and I'll see you at the Convention.

From the Secretary's Desk

Change of Office of the Secretary-Treasurer

Your attention is called to the notice about the moving of the national headquarters. Mr. Nabors plans to come to Greeley after August fifth when we will spend several days going over office procedure, checking and packing supplies, sorting file material, and preparing equipment for shipping. Remember that until August first all communications should be directed to the present office. Since the headquarters has been in Greeley for twenty-nine years mail will probably come here for some time but it will be forwarded immediately to Ada, Oklahoma.

D. J. Nabors has the background, the ability, and the temperament which make him an ideal choice for secretary-treasurer. He will undoubtedly change some procedures, for there are many ways in which the office may be improved. We know that you will cooperate with him to make the next four years a pleasant and happy experience.

Constitutional Revisions

While the amendments do not go into effect until August first you are urged to read your new constitutions carefully next fall. This is especially important for sponsors who were not present at Kalamazoo to hear the discussion on the convention floor. You ought to read the proceedings of the business sessions in order to be familiar with the committee reports and convention action.

Increase in Fees

Special attention is called to the first increase in membership fees since 1928. Until August first the fee remains at five dollars; after August first it will be seven dollars. Don't embarrass your new treasurer by making him write back for more money.

And Now—"Good-by" and "Thank You"

This whole page might have been devoted to reminiscence and farewell but that would have been a bit sticky. I do want to thank you especially for your generous and warm expression at Kalamazoo and the many notes and letters we have received since then. Pi Kappa Delta is a great organization—great because it is made up of people like you. Remember that the latchstring will continue to be out at 1713 Glenmere Boulevard should you chance to come this way—and that is a good way to come. So—D. J.! this page is now yours; I hope that they get the right picture to go with it!

May I Have Your Ticket Please?

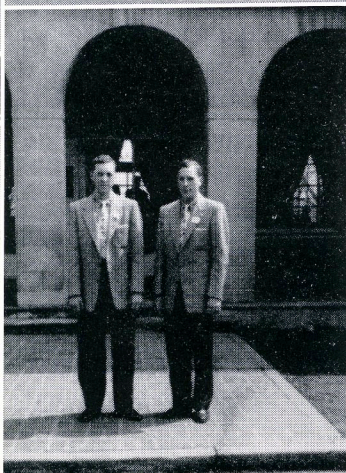

Cheerful, friendly hostess of Saga Dining Hall, Joyce Tiefenthal.
