The Ottawa University summer session will open on May 29 under direction of Dr. W. B. Wilson as dean. Advance interest in the session indicates that a large number will enroll. Courses have been especially designed for regular session students who want to make extra hours and for teachers who want to work on teaching certificate requirements.

In addition to members of the regular session faculty there will be two guest teachers on the staff this summer. Gordon Peterson, superintendent at Herington, will teach several education courses. Miss Marjorie Lancaster, a teacher in Ottawa junior high school, will give instruction in physical education.

Those on the regular faculty who will teach in the summer session are Dr. W. B. Wilson, biology; Prof. R. H. Ritchie, English; Dr. B. P. Heubner, education; Alice Gordon Wilson, dramatics and expression; Dr. S. P. Fogdall, history, government and economics; Miss Ruth Bundy, Latin; Dr. Harry E. Cooper, organ, piano and music theory; Prof. Everett Fetter, violin and theory; Mrs. Everett Fetter, public school music. Work in modern languages may be arranged if desired.

Courses offered in the summer session have all been approved by the state board of education. All courses will count toward a degree.

Dr. Wilson said that an attractive program of entertainment and recreation is being arranged. The swimming pool will be open every afternoon. A tennis tournament will be held. Several parties will be arranged. All classes will be held in the mornings in order to permit rest, recreation and study in the afternoon. Dr. Wilson announces an assembly will be held each Wednesday of the session. An effort is being made to have a program of entertainment and of educational benefit at each of the assemblies.

The summer session will close July 25.

Commencement Activities With
Dr. Anderson of Linfield.

Dr. Frank J. White of Uplands, Calif., will be the speaker at the annual service of the Ottawa University Christian associations the evening of May 24 in First Baptist church as a part of the commencement and inaugural exercises. Dr. White, who graduated from O. U. in 1898, is president emeritus of Shanghai University in China. He founded that institution many years ago and it has now become one of the leading colleges in China. He retired from the active presidency a few years ago and has since made his home in California.

With the selection of Dr. White as a speaker the program of the commencement and of the inaugural of Dr. Andrew B. Martin as president is completed. Dr. Elam J. Anderson, president of Linfield College at McMinnville, Ore., is to be the speaker at the combined inaugural and the commencement exercises on Tuesday morning, May 26, at 10:30 in First Baptist church. Dr. Martin will be the speaker at the baccalaureate service on Sunday morning, May 24. He will also deliver an address at the alumni banquet on the evening of May 25 in Memorial auditorium.

An unusually large crowd is expected to attend the various events of commencement this year due to its being the combined inaugural and commencement. The Northern Baptist convention meets in St. Louis the week before. Many alumni who attend that meeting are expected to come to Ottawa for commencement.

Seniors at the university will take comprehensive examinations over their major subjects tomorrow and then will have only one more week of class work. They will have the week before commencement in which to finish up their work or rest up before the graduation exercises begin.

Rehearsals for "Children of the Moon", senior class play to be given on the evening of May 26, are in progress. Alice Gordon Wilson is director of the play.

LIKED COOPER RECITAL

O. U. Instructor Presented Lighter Classical Music

In spite of rain yesterday morning a large number of students and townspeople attended an organ recital by Dr. Harry E. Cooper, instructor in organ and head of the department of music at O. U. It was held in First Methodist church at 11:30.

The program which Dr. Cooper arranged consisted of the lighter type of classical music which fact pleased the audience. The musicianship and technique of Dr. Cooper was ably displayed in the "G Major Fugue" by Bach. The etude for pedals alone proved to be a musical treat as well as an outstanding technical accomplishment.

A composition based upon the theme of the Westminster chimes closed the program. The theme was carried through in different voices with a background of consonant and dissonant harmonic progressions. The selection reached great heights and was a fine climax to the program.

This is the last of a series of faculty and student concerts for the season of 1935-36.
