

JAMES F. HARDING

It would seem that if anyone appreciates the Pi Kappa Delta maxim, "the art of persuasion beautiful and just," it is Jim Harding, or more properly Honorable James F. Harding, Jr., Trial Attorney, Civil Division, United States Department of Justice. He has become an articulate speaker and articulate thinker through careful training and long experience in every kind of speaking situation.

He debated in his home town high school in Holdrege, Nebraska. Then from 1938 to 1942 he studied at the *Nebraska State College in Kearney* where his campus activities were varied and numerous. Among these were the positions of secretary and president of the Nebraska Zeta Chapter of Pi Kappa Delta. He participated on the varsity debate team for four years and served as program chairman for the campus radio station, KGFV. He was also elected to membership in Beta Pi Theta, national French fraternity and Sigma Tau Delta, national English fraternity. As president of the Y.M.C.A., he did a great deal of deputation work in building up the membership so that it became a potent force affecting many related college activities.

While president of the campus Young Republican Club, he organized a great deal of political activity, speaking to various civic and forum groups, organizing student committees to work at the polls, and traveling with the Republican campaign "caravans" throughout the state. With all of this extra-curricular activity, he always carried the maximum number of hours permitted, and when he was graduated in 1942 with the Bachelor of Science degree, he had completed a major in education, nearly two majors in social science, and three minors. He was honored by being listed in two successive issues of the publication "*Who's Who In American Colleges and Universities.*"

In response to a wartime recruitment program by the Federal Bureau of Investigation, he took an administrative job in Washington, D. C., in the spring of 1942. This association was short lived, however, because in August of that year, like many of his classmates, he entered the military service. Having spent thirty-five months in active overseas army and air force duty

traveling through Africa, Sicily, Italy, France, England and Germany, he returned to the United States in October 1945.

After a year of study at Harvard University, he returned to his undergraduate college as a faculty member, teaching courses in speech and English, supervising student radio programs and acting as faculty sponsor of the same Young Republican Club he had organized a few years before. He was a member of the Speech Association of America, the American Association of University Professors, Rotary International, the Shrine and the Junior Chamber of Commerce.

In 1950 he was graduated from the University of Nebraska College of Law and was admitted to practice in the state and federal courts in Nebraska. While in law school he was active in Delta Theta Phi, national legal fraternity, served as campus chairman for the Hoover Commission and was on the Board of Editors of the *University of Nebraska Law Review*. He also sat (as the representative of the State Young Republican clubs) on the State Republican Central Committee, and served as Junior Chairman of the Republican Founders' Day activities in 1949.

After admission to the bar, he lived in Lincoln until 1954, where he was a member of the Nebraska and the Lincoln Bar Association, regional editor for "*The Young Lawyer*", a publication of the American Bar Association, president of the Lincoln chapter of the Sons of the American Revolution, as well as state secretary of that organization.

In 1952 he was elected an alternate delegate to the Republican National Convention, having pledged his support to Dwight D. Eisenhower.

In 1953 he was appointed a Trial Attorney in the Civil Division of the Department of Justice, and he has been in Washington since January 1954. While working in the field of Torts, Insurance and Veterans Affairs, he has been active in various inter-departmental activities and is to serve as Second Vice-Commander of Department of Justice, Post No. 41, American Legion during 1956-57.

And so ends our account, at mid-point in the career of a young lawyer, who believes that "the art of persuasion" is, and must always be, "beautiful and just."

Chapter Notes

BOWLING GREEN STATE UNIVERSITY

Debaters for Bowling Green State University traveled 4300 miles last year. They held public debates with *Hope College*, *Heidelberg College* and the University of Chicago. They held debates before service clubs and high school assemblies. They provided judges for Ohio high school tournaments. All this in addition to the regular tournament schedule. The Bowling Green women were second and the men third in the Province of the Lakes tournament last spring.

Six new members were initiated into Pi Kappa Delta: Rudolph Verderber in Instruction and Roland Williams, Daniel Wawszyniak, Robert Smith, Bonnie Karger and Larry Gardner in debate. The new chapter officers are: Shirley Merritt, President; Roland Williams, Vice-President; and Shirley Spars, Secretary. Professor Yeager was elected Secretary-Treasurer of the Province of the Lakes at the spring meeting.

BRADLEY UNIVERSITY

Fifty-eight colleges and universities participated in the Tenth Annual Bradley University Invitational Speech Tournament on November 16 and 17. Six hundred and twenty contestants and judges represented ten Midwestern states and the District of Columbia.

Thursday evening the tournament was keyed by a debate on the national question between teams representing American University of Washington, D. C. and *Wisconsin State College* at Eau Claire.

On Friday, First Federal Savings of Peoria sponsored a luncheon for the after dinner speakers and judges. That evening Vice-President A. G. Haussler of Bradley welcomed the visitors at a banquet in the Robertson Memorial Fieldhouse. Two of the top ranking after dinner speakers, Eldon Lanning of Northwestern University and James Johnson of *Wisconsin State College*, Eau Claire, were the featured banquet speakers.

One hundred and ninety-six debate teams participated in four rounds of de-

bate with affirmative teams winning 171 decisions and negative teams winning 221 decisions. Northwestern University had five undefeated teams and three teams which won three out of four. Bradley had three undefeated teams. *Southern Illinois University* and *Mundelein College* each had two undefeated teams. Other schools with undefeated teams were: *Illinois College*, *Hamline University*, *Wheaton*, *Drake*, *WSC Oshkosh*, *Bowling Green University*, *St. Olaf*, *Northern Illinois*, *Western Illinois*, *WSC Eau Claire*, *Loyola University*, *Illinois State Normal*, *Manchester* and *Carroll*.

In other events there were one hundred and seventy-four entries in discussion, one hundred twelve in extempore, fifty-seven in oral interpretation, forty-four in radio newscasting, thirty-nine in oratory, and thirty-one in after dinner speaking. Schools winning ten or more superior and excellent awards were: *Eau Claire*, *Bradley*, *Northwestern University*, *Mundelein*, *Illinois State Normal*, *Drake University*, *Loras*, *Buena Vista*, *Loyola University*, *Monmouth*, *Northern Illinois*, *Wheaton*, *Northwestern College*, *Southern Illinois*, and *WSC River Falls*.

UNIVERSITY OF DUBUQUE

The Iowa Lambda chapter went to six tournaments last year, including those sponsored by Pi Kappa chapters at *Bradley University*, *Northern Illinois State College*, *Illinois Normal University* and the Pi Kappa Delta Provincial at Eau Claire State College. The squad also engaged in two tri-meets with other Iowa colleges, and met Harvard University in an audience debate before the Dubuque student body.

The tournaments scheduled for 1956-57 are at *Bradley University*, *Illinois Normal University*, *Northern Illinois State College*. The Iowa Forensic Association Tournament at Cornell College, Mt. Vernon, Iowa, and the Pi Kappa Delta National at Brookings, South Dakota. The squad will also seek other debating opportunities on a dual or tri-meet basis. The local chapter

sponsors an invitational high school speech festival, in its third year this season. The festival, to be held in February or early March, is being expanded to a day and a half.

Present indications are that the squad will be considerably larger this year. Most of the people who participated last year are returning, and a number of people who participated in forensics in high school are entering the University this fall. Returning squad members are: Richard Van Iten, Richard Stricker, David Zollars, Don Laube, and Edward Sheppley.

LINFIELD COLLEGE

Linfield College has a large squad this year with many veteran debaters returning. They are also beginning their semi-annual campaign for funds to attend the National Convention. One of the most interesting questions at convention time is always what methods will Linfield use this time. Here's the first report this year direct from Professor Mahaffey at Linfield:

"Pi Kappa Delta has sponsored one movie on campus and has dates for several others. We are also working up a radio auction to be held over the local station. In addition to these activities, we will have our usual schedule of money making affairs and hope to be represented by a fairly large group at the national."

For those who are interested in more specifics of the "usual schedule" there is a good article on the subject by Professor Mahaffey in the fall issue of 1954.

MICHIGAN STATE UNIVERSITY

The new chairman of the Rhetoric and Public Address phase of the doctoral program in Speech at Michigan State University is Dr. Kenneth G. Hance, formerly of Northwestern University.

Professor Hance, who is national treasurer of Delta Sigma Rho and executive vice-president of the Speech Association of America returned to his alma mater, Olivet, Michigan, October 25 to deliver the annual homecoming address. It was at Olivet in 1921 that Professor Hance was initiated into Pi Kappa Delta. He also served as governor of the Province of the Lakes from 1928 to 1932. Pi Kappa Delta

welcomes a distinguished man in the field of speech back to one of her schools.

MISSISSIPPI SOUTHERN COLLEGE

The new Director of Forensics at *Mississippi Southern College* is Dr. A. Donald George. Professor George formerly taught at William Casey College. He holds the Ph. D. degree from Louisiana State University. In addition to forensics Dr. George will work with the building graduate program.

NEBRASKA STATE TEACHERS

Nebraska Zeta at *Nebraska State College of Kearney* has for years been one of the nation's outstanding Pi Kappa Delta chapters. Formed May 19, 1924, Nebraska Zeta has consistently led the Midwest in outstanding forensic achievement.

For the past ten years Nebraska Zeta has been recognized as one of the nation's leading chapters in activity. Led by Mr. H. L. Ahrendts who served as Provincial Governor of the Province of the Plains for two terms, Nebraska Zeta has had more state and national Champion Orators than any other college in the Midwest.

At the 1956 Nebraska Inter-Collegiate Speech Contest, Nebraska Zeta swept all state titles in debate, discussion, oratory, and extemporaneous speaking.

Outstanding members of Nebraska Zeta include: Robert Pottinger, member of the 1956 Nebraska Champion Debate team; Donald Main, State Champion in Open Oratory; Joyce Bishop, State Champion in discussion; Charles Jenkins, State Champion in extemporaneous speaking, and Bill Milldyke and Gary Weeks, State Class B Champions in Debate; Fred Kempf, winner of 1954 titles in discussion and workers Ardyce Carroll and Thane Hascall and Bill Hardwick are 1956 leaders in debate. New members of Nebraska Zeta include those eligible under ranks of Oratory, Donna Harris and Barbara Viren.

All of these members are constantly striving for a better Forensic program on the Nebraska State campus. The interest and spirit of Nebraska Zeta make it one of the Midwest's outstanding chapters and make it consistently the leader in Midwestern Forensic activity.

WISCONSIN STATE, EAU CLAIRE

So far it has been a good year in forensics at Wisconsin State College at Eau Claire. Several important speech activities have been keeping Wisconsin Zeta in a whirlwind of forensic activities.

On Saturday, October 20, the Tenth Discussion Clinic for High Schools was attended by 150 high school participants, as well as 22 visiting judges and an equal number of leaders who were supplied by the college forensic squad. At the opening convocation, there was an oratory session moderated by Grace Walsh, Governor of the Upper Mississippi Province. Miss Jocelyn Gilbertson delivered her winning Interstate Oration, "Procrustes and the Parrot," and the group listened to the 1955 winning oration of the Interstate, "Mingled Blood," by the late Ralph Zimmermann. Secretary of Agriculture Benson spoke in Eau Claire on the evening before the Clinic, and in the second part of the convocation, representatives from the Wisconsin Farmers' Union and the Wisconsin Agricultural Stabilization and Conservation Committee addressed the group. The clinic included three rounds of discussion, a luncheon, and a reception for the participants and the judges.

At Mankato State Teachers College on November 9 and 10, two Eau Claire sophomores, Irene Schlei and Gretchen Solie, were one of the two undefeated teams at the Minnesota Open Debate Tournament for Women. They finished in second place, while the other undefeated team from Bethel College got first place. Last year's defending champions from Eau Claire, Jocelyn Gilbertson and Rose Pribil, led all other teams by seven points but lost one debate to finish in third place. The Eau Claireites were the only Badger entry while all others were from Minnesota.

At the Bradley University Tournament in Peoria, Eau Claire engaged in a public debate with the American University of Washington, D.C. With a group of 24, Eau Claire had the largest squad in attendance and with a total of 7 superiors and 25 excellents, the Eau Claire delegation had ten more awards than any of the other colleges participating.

Other activities planned for this semester include the Northwestern University Tournament, the annual open house for Pi

Kappa Delta actives and alumni which was held at the Walsh residence on Thursday, December 20, the 13th annual Interstate Debate Tournament for High Schools on January 12, and the debate tournament at Wisconsin State College, River Falls.

Ridin' the Provinces

The recent decision to send *The Forensic* to alumni has brought some mail to the Editor's desk. Mrs. Alfred Westfall whose husband, Professor Alfred Westfall, served for many years as Secretary-Treasurer of Pi Kappa Delta, wrote from Fort Collins, Colorado:

"I want to express my appreciation of and for *the Forensic*. I consider it an excellent magazine, and I always read it. I am interested to know that the coming convention will be at Brookings, South Dakota. Was it really thirty years ago when it met here and at Estes Park?

"It is good to be on the mailing list of the magazine for which my husband worked so many years that its presence in the house is almost a part of life.

"Since Pi Kappa Delta contributed so generously to the scholarship fund which was established in my husband's memory at Colorado A & M, you may be interested to know that the fund was invested and from the interest an annual scholarship of over \$150 is awarded to some junior student in the Humanities. My best wishes are always with PKD and *The Forensic*."

From San Francisco, H. D. Hopkins, Executive Secretary of the National Association and Council of Business Schools, wrote:

"This morning's mail brought me your October issue of *The Forensic*. It has been so long since I have had a copy that it thrilled me no end to receive this. I am one of the old timers, having been on the Council during the '30's and at one time honored by being its national President. Since that time I have traveled far from our days at Heidelberg when I was active in speech work and during those times you sort of lose touch with those whom you have been so closely associated before. As I read *The Forensic*, I find no names that are vivid in my memory but the spirit

of Pi Kappa Delta is still there and the evidence that it is strong and virile and occupying a very important place in the field of speech.

"I send you my heartiest greetings to the members of the Council and to the fraternity itself. It has pleased me no end to be thus remembered in receiving this issue of *The Forensic*."

It is to be hoped that continued contact with alumni can be carried out through the expanded circulation of *The Forensic* and the expansion of the Alumni News section.

Last month I returned to my alma mater, Redlands, for homecoming. I had an opportunity to visit with Professor E. R. Nichols and his wife. Professor Nichols, who was one of the founding members of Pi Kappa Delta and served as our first President, has now retired from teaching and is living in Redlands. Professor Nichols' old friends will be sorry to hear that Nicky has just recently returned home after a lengthy stay in the hospital for diabetes. Although he was in serious condition at one time he seems to have made a good recovery.

In view of all that Professor Nichols has done for forensics and our fraternity, I think we could all do well to send him our regards. I know he would enjoy hearing from his old forensic friends and even from those who know him only for the service he has given. It will help to let him know that we do not forget a life of service. Mail should be addressed to:

Professor E. Ray Nichols
814 Campus Avenue
Redlands, California

You may have noticed that the chapter notes section of this magazine is growing shorter. This is caused by the fact that chapters are not sending in news. We know that you all want to hear about what is going on in the different chapters but we can't provide this information without your help. Each chapter should appoint someone to write up its local news and send it in at least once a year. Type your story, as it might be printed, double spaced

on 8 by 11 paper. Send pictures if you have them. Send the stories to:

Malcolm Sillars
Los Angeles State College
1811 Nordhoff Street
Northridge, California

Send news of Alumni to:

Professor Franklin Shirley
Wake Forest College
Winston-Salem, North Carolina

Articles by students and faculty members should be sent to:

Professor Emmett Long
Pepperdine College
Los Angeles, California

Professor John Dobbin of El Camino Junior College, here in Los Angeles, is not a member of Pi Kappa Delta but he has an eye for items of interest to all of us in forensics. While we are all aware of the difficulties of tournament judging and of selecting competent judges we are always interested in the strange judgments we sometimes get. Professor Dobbin has collected some comments which were the only ones on ballots marked both for and against his team last season. Professor Dobbin is not responsible for the editorial comments.

1. "It was easy to see that the affirmative had little sympathy for management." (*But the negative effectively showed what those no good, crooked labor leaders are trying to palm off on us.*)

2. "Negative definitely more courteous than affirmative team who glowered at opponents." (*Smile when you say that!*)

3. "I can't imagine you're serious that GAW would work." (*Stop smiling, glower more.*)

4. "Affirmative went down under superior verbal blast of the negative." (*Boy, was that second speaker loud!*)

5. "Second affirmative speaker kept his back to the audience during the explanation of the affirmative plan." (*He scared me, coach.*)

6. "I could see holes in the affirmative case." (*At least his eyes were open.*)

7. "Supercilious attitude of the nega-

tive." (*Coach, do you have a dictionary?*)

8. "Losing team dropped card notes three times and once failed to pick them up." (*I will not stand for sloppy arguments on my squad!*)

9. "Nice." (*You should have seen the look the judge gave her, Coach.*)
