SUMMARY OF STUDENTS.—For the Year
Ending March 20, 1902.

N. B.—It is the custom of some Colleges to put in each catalogue the names of those students who are in attendance at the institution at any time within a calendar year, which may begin at some date between January first and Commencement. We believe that the actual facts concerning our enrollment may be more accurately obtained by the plan we usually follow. However, in order that our friends may see the results of the other plan, we present on this page our Summary for the year beginning with the Spring Term of 1901.

THE MINISTERIAL ASSOCIATION.

More especial attention should have been called, in its place on page 21, to the work of this Association. It is the organization of those students of the University who are preparing for the ministry. During most of the year, excepting only the time when they were interrupted by the union evangelistic meetings in Ottawa, this Association has held regular meetings weekly. Dr. Chandler, who has had a large experience along this line, has given to the members of the Association a series of lectures upon the general subject of "The Minister and His Work." The students have taken notes and submitted to quizzes on these lectures, and they have received certain credits for this as an elective study.

Occasional addresses have been given before the Association by others, among whom are President J. P. Greene, D.D., LL.D., of William Jewell College; Rev. C. A. Reese, of Newton Theological Seminary, Newton Center, Massachusetts; Rev. E. S. Riley, of Garnett; and Rev. William Dring, a returned missionary from India.

The Association has made a specialty of finding supply work in the churches near Ottawa for students who desire it, and the results have been very satisfactory. During the last few months, more calls have been made by the churches than we have been able to supply.

It is expected that the lectures by Dr. Chandler and his general oversight of the special work of the ministerial students will be continued during the coming year.
