

OU CARE PACKAGES

"A little extra LOVE can go a long way to cheer up a students day."

To OU Student Families 1991-92 school year:

Your OU student is our special concern. We would like to offer you our CARE service as a way of doing something extra for your student while he/she is away at college.

OU women have offered to prepare home baked treats to be included in care packages. The proceeds from this project are used for our Marjorie Martin Scholarship for OU Women.

If you would like to "treat your student" and have a part in our special project, please fill out the order form below and send it with your check to:
