Talked

before meeting.
OK.

9/2/84.

Jack:

I made a few corrections, i.e. deletions
in the letter - still feel it may be a little
long!

I feel the time line "Through the
Years with Katy Jo" should be done graphically
as a true time line indicator.

Laying the whole thing out verbally
does not lend itself to much "eye" appeal.
If the whole "story" were done with a
visual + graphic flair, the whole purpose
of transmitting the information would be
enhanced.

If you have questions concerning this
suggestion, please give me a ring.

Don't forget video! (2)

Best wishes,

Tom Sam
