### SUBJECTS CHOSEN FOR INTERCOLLEGIATE DEBATE

The most popular subjects for debate this season are those arising out of the recent presidential campaign. The proposed power of congress to override the supreme court is the favorite question. "Resolved, that the formation of a third major political party will advance the cause of representative government in the United States," is the subject chosen by the Eastern Intercollegiate Debating League, which is composed of Amherst, Brown, Columbia, Dartmouth, Pennsylvania, Wesleyan, Williams, Yale and Harvard, which has recently been admitted in place of Cornell.

Special location seems to influence the choice of debate topics. The Rocky Mountain Conference, composed of the far western states, will debate the Japanese Exclusion Bill. In Ohio, where citizens dream of inland ocean ports, the State Debating Conference will argue the Deep Sea Waterway measure; in the South, where child labor is an issue the University of North Carolina and North Carolina State debate the Child labor amendment, and in New York City, the College of the City of New York and New York University debate the light wine and beer amendment of the Volstead Act.—Hedding College Paper.

The Forensic welcomes to the fraternity field the Theta News of Theta Kappa Nu, the "No. 1 of Vol. 1" of which has just been received. Theta Kappa Nu is a new fraternity with high standards, both in conduct and scholarship. It has eleven chapters, four of them in institutions in which Pi Kappa Delta also has chapters, Oklahoma City University, Iowa Wesleyan, Simpson, and Baker.

Pi Kappa Delta is also interested in Theta Kappa Nu because its Grand Oracle and Editor of the Theta News is J. H. Kenmyre, one of the founders of Pi Kappa Delta. The following paragraph is quoted from the biographical material in the Theta News:

"The year 1912 saw him interested, with several other men from different schools, in the organization of a new forensic fraternity. In 1913 he installed at his Alma Mater, Iowa Wesleyan, the Iowa Alpha chapter of Pi Kappa Delta. For four years he served as a national officer of the fraternity and had much to do with shaping its policies. In 1920 he was elected to membership in Delta Sigma Rho by the Grand Council."

Montana Alpha, Intermountain Union College, under the direction of Dean Lemon, is planning a very heavy season of forensic work. A boy's team, four debaters and the coach, will take a trip thru Utah, Colorado, and Wyoming. The team will have about ten debates, leaving February 27 and returning March 15.

A girls' team of three members with the coach will travel west, debating in Montana, Washington, Oregon, and Idaho. This trip will last from January 30 to February 10.

In addition to the debates on these trips, the college will debate a number of institutions on its home floor, including the University of West Virginia. The Pi Kappa Delta question will be the one most frequently used.—Capital City Collegian.

George Simpson and Vernon McIlraith tied for first place in the debate tryouts at Coe. They will divide the first and second prizes, amounting to \$25, equally between them. The percentages given eliminated Silliman by one point, leaving the other two still tied.

Coe is planning a heavy schedule which calls for fourteen contests. —The Coe College Cosmos.
