

the Kalamazoo National Convention. A veteran of the navy, he has taught speech in the Antelope Valley High School and Junior College in California and for six months was employed as a speech teacher in a prison. His experience has included work as a structural steel sub-contractor and a builder of houses. He has worked in Alaska and is the inventor of a car cooler.

Dr. Eugene Moulton

Dr. Eugene Russell Moulton, Governor of the Province of the Pacific, is debate coach and head of the department of speech at the University of Redlands. He came to Redlands following the retirement of Dr. E. R. Nichols, Sr.

Prior to his moving to California, he served as chairman of the department of speech at Carroll College, Wisconsin, and as a teaching fellow at Western Reserve University where he completed the requirements for the B.A., M.A., and Ph.D. degrees. His freshman and sophomore years were spent at Kent State University.

Speech activities have been a central part of Governor Moulton's life since he participated in his first oratory contest when he was in the eighth grade. He has held various offices in PKD both in Wisconsin and California. As host to the 1955 National Convention of Pi Kappa Delta, he extends a cordial invitation to all PKD's to attend and "spend a first trial week in Heaven next April."

Hobbies include golf and stamp collecting.

Prof. Cedric L. Crink

Professor Cedric L. Crink, Governor of the Province of the Lower Mississippi, has served as associate professor of speech at Oklahoma Southwestern State College since 1947. He received the B.S. degree from Nebraska State Teachers at Peru and the M.A. from the State University of Iowa. Additional graduate study has been conducted at the Yale University School of the Theatre and at the University of Minnesota. Experience includes four years as technical director of the Resident Theatre and the Harner Conservative of Music, Kansas City, Missouri; speech and English teacher at St. Louis Normandy High School; director of speech at Culver-Stockton College, head of the department of speech at Weathmor Military Academy, and three years as American Red Cross Field director with twenty-five months spent in England.

DR. EUGENE MOULTON

PROF. CEDRIC L. CRINK

The President's Page

The beginning of the year is the time to make plans for the year, plans which include all the forensic activities to be sure, but which, above all else, include our National Convention to be held at Redlands, California, April 4-8, 1955.

Of course, many schools have already started work on arranging for a full delegation. I hope that yours is one of those schools. But if it isn't, now is the time to get under-

way. In any case, one group that has been hard at work already is your National Council. Meeting at Ada, Oklahoma, during the last week in August, the Council set up a tentative convention program, appointed contest and convention committees, and allocated the necessary finances from the national treasury. (You might be interested in knowing, incidentally, that your national treasury spends from \$5,000 to \$7,000 for a National Convention. It is the largest single item for which your initiation fees go. The other important items in the budget are the publication of *THE FORENSIC* and the operation of the office of the secretary-treasurer. The moral of all this is obvious too: come to California next spring and get your share of your money which is being expended on the Convention!)

The big problem at California, naturally, is going to be the extra cost in transportation that meeting on the West Coast will necessitate. But the word is that several provinces are already making plans to overcome that handicap. The Northwest Province, for example, is planning on a 100% attendance. And in case you are inclined to say, "Why not? That's easy for them, because they are already on the Coast," let me point out that the average round-trip mileage to Redlands for the schools in this province is 2,647 miles. How many of the schools which attended our Convention at Kalamazoo had a greater distance than that? And, as already reported, the Provinces of Missouri and Illinois are cutting the costs by chartering a plane jointly.

This whole business of transportation is so vital, that the National Council voted to ask the Governors of the several provinces to serve as "Transportation Coordinators" for their respective provinces, or to appoint someone in the province to serve in their places. Individuals who have bright ideas on how to get to Redlands are, therefore, urged to communicate with the governors of their provinces. Perhaps chartering a bus is the answer to your situation. Do you have novel and effective ways to raise funds for the trip? If so, others would like to learn of them. Write the *FORENSIC*; editor Cromwell will be delighted to print your suggestions. Two years ago, for instance, one chapter hired out as babysitters and turned the proceeds into a chapter travel fund. So, what are we waiting for? Let's get busy.

From the Secretary's Desk

The office of the secretary which has been in temporary quarters since last August is now located in room 309 Science Hall, East Central State College, Ada, Oklahoma. During August, a permanent arrangement was made which will make possible quicker service from this office. East Central has been generous in providing additional equipment and student help. You are invited to visit the office at any time.

The National Council, in its biannual meeting in August, voted to return to a five day convention for 1955 because of the extra features that will be available at the Redlands Convention. Many predict that the added motivation of the convention in California will result in one of the best conventions we have ever held and also in a renewal of interest in forensic activities throughout the entire year.

Pi Kappa Delta memberships follow a two year cycle with an upswing in the year of the National Convention. Although new members this year were about the same as two years ago income from fees was over a thousand dollars more due to the increase in the membership fee from five to seven dollars. It was possible to pay all bills for the year from current income, the expense of moving the office, printing new constitutions, and other expenses that will not be incurred next year.

A tabulation of the applications of new members reveals that Pi Kappa Delta is still largely a debaters fraternity as almost 90% of the new members were for the order of debate or the order of debate and oratory in combination even though the constitution provides for the qualification of new members through other methods.

Less than ten per cent of the chapters took advantage of the free honorary membership allowed for the year. Why not a speaker of the year award with an honorary membership given in recognition for outstanding service in the field of speech in the local community. Several chapters have used this as a public relations medium.

Twelve chapters initiated ten or more new members while thirty initiated from seven to ten new members. Forty chapters were responsible for over half of the total of new members for the year. Had the same ratio been maintained for all chapters the membership for the year would have been more than 1600 instead of less than half of that number.

Do you have a change in sponsor? Help us keep the mailing list up to date by reporting changes in sponsorship as soon as possible. Delays in correspondence often result when Pi Kappa Delta mail is sent to someone who is no longer on the campus.

Have you ordered your supplies for the year? Delays may be avoided next spring if you send your requests for application forms for new members, key order blanks, rituals and constitutions early this year.

Report of the 1954

National Questions Committee

LARRY NORTON, *Bradley University*

The results of the vote on the National Discussion and Debate Topics for 1954-55 are listed below as announced on August 15, 1954. Each first-place vote counted as five points, each second-place as four points, each third-place as three points, each fourth place as two points, and each fifth-place as one point. Thus the topic in each list receiving the highest total vote was chosen as the official question.

DEBATE

Rank		Vote
1st	Resolved, that the United States should extend diplomatic recognition to the Communist Government of China	939
2nd	Resolved, That the present agricultural price support program is beneficial to the American people	848
3rd	Resolved, That the United States should assume the responsibility for stopping Communism in Southeast Asia	781
4th	Resolved, That the Communist Party in the United States should be outlawed	761
5th	Resolved, That the Federal Government should subsidize the higher education of superior students	709

DISCUSSION

1st	How can the American Educational System best meet the needs of our society?	970
2nd	How can we preserve and strengthen our basic American freedoms?	849
3rd	What revisions should be made in the United Nations Charter?	795
4th	What should be done to raise world living standards?	682
5th	How can we most effectively use atomic energy?	622

The basic procedures which govern the work of the national questions committee are as follows:

- (1) The SAA Committee on Intercollegiate Debate and Discussion Activities is composed of one member from each of the four cooperating forensic societies—Delta Sigma Rho, Phi Rho Pi, Pi Kappa Delta, and Tau Kappa Alpha—one member appointed by the Speech

Association of America and one member appointed by president of the American Forensic Association. The chairmanship of the committee rotates among the four forensic societies and the SAA and AFA appointees.

- (2) Each committee member is responsible for polling the chapters of the organization which he represents. All suggestions for topics must be submitted to committee members not later than the May date set by the committee. (May 15th this year.)

- (3) The committee members must meet during the months of May or June to decide on topics and phrase the questions for discussion and the propositions for debate.

The debate propositions and discussion questions are submitted for preferential vote not later than August first to all chapters of the four forensic organizations and to a representative number of the nonaffiliated schools. If circumstances require a change during the season, the committee may, by a two-thirds vote, alter the wording or move to a second choice proposition or question. Individual chapters or schools are encouraged to write their reactions to the propositions or questions to members of the committee as the forensic year progresses.

The four cooperating forensic societies agree to use the SAA questions as their official propositions for debate and discussion for the college year. This does not prevent individual schools or groups of schools from debating or discussing more than one question during the school year; but it does mean that none of the four societies would select a different question.

The topics must be announced by September 10th.

Working under these regulations, the following committee members met and phrased the topics listed above: Larry Norton, Bradley University, Pi Kappa Delta; Robert Gunderson, Oberlin College, Speech Association of America; Austin J. Freeley, Boston University, American Forensic Association; T. Earle Johnson, University of Alabama, Tau Kappa Alpha; Winston Brembeck, University of Wisconsin, Delta Sigma Rho; and Glenn L. Jones, Chairman, Pueblo Junior College, Phi Rho Pi.

The regulations under which the committee operates prevent issuing any official interpretation by the committee, nor is any organization or individual so authorized. The right of interpretation rests with those who debate the question. The committee has attempted to phrase questions broad in scope in

order to encourage thorough analysis and investigation and to give the advantage to those students doing the more extensive and intelligent work. The committee members hope that the topics chosen, by rather substantial margins, will provide a stimulating and profitable forensic experience for all participants.

Colorado State Normal Bonds	3,000.00
Accounts Receivable	140.00
Interest due	120.00
Total	<u>\$5,826.69</u>

To Whom It May Concern:

This is to certify that I have examined the books and records of Pi Kappa Delta Fraternity for the period beginning August 1, 1953, and ending July 31, 1954.

The statement above prepared in conjunction with Prof D. J. Nabors, according to established form, is an accurate report of the financial status of the organization as of this date.

R. B. HARRIS, *Auditor*

Ridin' the Provinces

Dear PKD's:

Well, another summer vacation has entered the pages of history and we are again at the beginning of a new school year. A year full with its promise and challenge for a more responsive living. A year that will be historic in PKD—the first national convention to be held on the West Coast. A year that can well mean fulfillment of your intercollegiate forensic goals. Goals that are not measured by the number of wins and losses, but instead, that are measured by the abilities to think clearly and to speak effectively. Has there been a time when there was greater need for clear, logical, unemotional thinking and speaking? Have we had a debate proposition that is a greater challenge for thorough analysis and sincere arguments? Thousands of college students and more thousands of Americans will debate and hear debated the question of extending diplomatic recognition to Communist China. Dare we do less than handle this question as citizens of a democracy? As I see it, this is more than just another school year. Let's make it the greatest in the history of PKD and of intercollegiate debate and forensics.

I HEAR

WILLIAM H. STITES is the new director of forensics at Arizona Beta. He writes that Arizona State will continue as a full active member of PKD and will make every attempt to maintain the cooperative record established by past-governor of the Province of the Pacific DEAN McSLOY. WILLIAM SCHRIER, chairman of the speech department, Michigan Gamma, is on a year leave of absence to accept a teaching position in the University of California's Far East Command Program. He will teach 8-week speech courses for service personnel stationed in Korea, Japan, Okinawa, and Guam. HELEN HARTON is acting head of the speech department during Dr. Schrier's absence. ORMAND J. DRAKE, a PKD from Michigan State, has been promoted from chairman of the speech department and assistant dean of the University College of Arts and Science, New York University, to assistant secretary of the university. JAMES ROBINSON, director of the Oklahoma speech and drama services, the University of Oklahoma, has prepared a handbook for the Oklahoma High School

Speech League that is an excellent contribution toward a stronger speech program for the high schools of Oklahoma as well as an excellent guide for directors of other state programs. Many of you will remember Jim as the coach, for some 15 years, of those fine debaters and forensic speakers from Oklahoma Northeastern State. WILLIAM S. SMITH, PKD from Louisiana Epsilon, now director of forensics at Alabama Polytechnic Institute, is the new governor of the Southern regional of AFA; MARY LOUISE GEHRING, Mississippi Southern, is secretary-treasurer. WOFFARD GARDNER, the University of Maine, is the new president of the Eastern regional of AFA. DAVID SHEPARD, past director of forensics at Minnesota Delta, is now a member of the speech staff at Indiana Ball State Teachers. THEADORE SMITH, who has been taking graduate work at the University of Missouri, is the new director of forensics at Hamline University. WAYNE HANNAH, Illinois Phi, '53, has been awarded the Root-Tilden Scholarship at New York University with a stipend of \$2300 a year. Joe debated four years at Illinois college, participated in the national convention at Oklahoma A&M and Kalamazoo, and earned the degree of Special Distinction. At present, he is a Fulbright Scholar from Illinois at Bordeaux, France, where he is studying public law. A. H. BURROUGHS, who directed debate from 1934-41 and established a chapter of PKD at Northwestern Nebraska Teachers is dean of the graduate school at Northern Michigan College of Education.

Special recognition and congratulations should be extended the Province of the Pacific for its 100% chapter participation in its province tournament. On the basis of information received in my office, this is the only province tournament which was attended by all chapters.

April 4-8 will be here almost before we know it. Don't let the date catch you at home. Begin your plans now for attending the National Convention at the University of Redland. It is actually no farther from your section to the West Coast than it is from the West Coast to your section and those West Coast schools have been attending National Conventions faithfully for a long time. Let's match—beat—their record. See you at Redland's in April!

Don't forget to send me news of your plans, activities, actives, and alumni.

Your editor.
