Man & Woman on balcony

M: This isn't that bad!
W: (Paces balcony end to end) It's hardly palatial
M: It's better than before. That was bad
W: I felt... freer then
M: I hated it. All that space... that empty space
W: It wasn't empty
M: Yes, it was. Empty
W: It was never empty!
M: All that space... (Sits, dangles feet from balcony)
Now, we've got...something
W: (Points beyond balcony) What about all that?
M: All that space?
W: (Points again) All that!
M: It's comfortable here
W: For how long?
M: It's not that bad here. Why don't you just relax?
W: And forget all that?
M: You don't know that it's any better
W: One can imagine
M: You're just dreaming!
W: (Looks longingly beyond balcony. Then at him) Dreaming?!?
(She fervently looks out again)
