Convention and Contest Rules

GENERAL

1. Each student and one faculty director of forensics from each college attending the convention must pay a registration fee of $7.50. This covers the banquet ticket, admission to all meetings and contests, and the semi-formal dance. The wives of faculty members will be issued banquet tickets at cost and will not be charged the registration fee. Also, each college that has not already done so, shall pay at the time of registration the $25.00 fiftieth anniversary observance assessment.

2. Each student delegate to the convention and each participant in the contests shall be a bona fide undergraduate student who has not already had four years of forensic participation previous to 1962-1963 and who is carrying a minimum of twelve hours of college work with passing grades at the time of the convention. He shall be a member of Pi Kappa Delta or shall have filed a membership application with the National Secretary and sent in his initiation fee.

3. All entries in convention contests must be sent to the National Secretary so as to show a postmark not later than February 19, 1963.

4. There shall be separate divisions for men and women in all events except discussion and the mixed division of debate. Men and women will discuss together in the discussion event but their ratings will be tabulated separately for the purpose of determining awards at the conclusion of the convention. Gold medals will be awarded to winners of Superior rating in each contest; certificates to those winning Excellent rating. Certificates will be awarded to the school for students who receive ratings of Superior and Excellent. Certificates of “Superior” will be awarded to the 10 per cent of the chapters with the most points in men’s contests and to the 10 per cent of the chapters with the most points in women’s contests. Certificates of “Excellent” will be awarded to the next 20 per cent in each division. Those in the next 30 per cent will be rated “Good” but will receive no certificates. Points will be given in the men’s and women’s divisions of debate as follows: Superior rating, 10 points; Excellent, 8 points; Good, 6 points; participation, 2 points. No points shall be given for ratings received by teams participating in the mixed division of debate. In extemporaneous speaking, oratory and discussion a rating of Superior will be given 5 points; Excellent, 4 points; Good, 3 points; participation, 1 point.

6. All contest arrangements not covered by the rules shall be in the hands of the individual contest committees and the Director of Tournaments. Questions concerning any interpretation of contest rules should be directed to Mr. Roy D. Murphy, Department of Speech, University of Southwestern Louisiana, Lafayette, Louisiana.

JUDGING

All competing chapters must provide at least one faculty member who is a qualified judge and who will accept his assigned service as outlined by the judging committee. Individual adjustments in that assignment will be made by the chairman of the committee. Chapters entering discussion and all three divisions of debate must provide at least two qualified judges. No college will be permitted to enter the convention tournament without providing a judge unless the delegation is limited to one student representative. No student member of the delegation will be permitted to serve as a substitute for a faculty judge. A college which cannot meet the requirements of this section or whose faculty representative feels that he cannot meet his judging assignments is requested not to enter the contests. A two dollar fine shall be imposed for each judging assignment not fulfilled. No results will be announced or awards presented to schools whose judge fails to meet his judging obligations.

HIRING OF JUDGES

Ten qualified judges, one from each province, will be hired by the National
Council to assist with the judging of convention contests. Two judges shall be hired from the same province only if some provinces fail to supply a qualified judge. JUDGES HIRED MUST BE A SECOND QUALIFIED FACULTY MEMBER ATTENDING THE NATIONAL CONVENTION. Judges hired by the National Council will receive five dollars for each round they serve. Each hired judge will be guaranteed a minimum judging assignment of ten rounds. An applicant for assignment as a hired judge should apply to his Province Governor by February 5, 1963. The Province Governor will recommend to the National Secretary by February 19, 1963, the judge to be hired from his province.

**ORATORY**

1. Contestants. Each Pi Kappa Delta chapter may enter one orator in the men’s and one in the women’s contest. All contestants must be present at the beginning of each round and remain until the contest has been concluded.

2. Orations. Orations shall contain not more than 150 words of quotations. The length of orations shall not exceed 1,300 words. (Total word count.) All quotations shall appear definitely as such in the manuscript. All orations must be certified by the coach as being the original work of the contestant. The orations shall be memorized and delivered without notes. The reading of orations from manuscripts shall be prohibited. Each orator shall bring two typewritten copies of his oration to the national convention. One copy shall be presented to the National Secretary of Pi Kappa Delta at the Convention Registration desk on March 19, 1963, and one copy shall be presented to a judge at the beginning of one of the rounds of oratory. The oration delivered in the contest must conform to the manuscripts submitted. The manuscript presented to the National Secretary will not be returned.

3. Contests. The contests shall be held simultaneously, the number of such contests being determined by the number of contestants entered, it being provided that not more than seven speakers shall appear on one program. Each orator shall appear in four rounds.

4. Method of Judging. Three judges shall be appointed in each contest. Each judge shall rank only the three highest ranking speakers, first, second, and third. In tabulating the results, all other speakers in each contest will be given a ranking of four. No judge shall tie two speakers for first, second, or third places. The judges may comment on the speakers at the close of the round, but should not reveal their decisions.

5. Rankings. The orators ranking in the upper 10 per cent will be rated “Superior”; those in the next 20 per cent will be rated “Excellent”; and those in the next 30 per cent will be rated “Good.”

**EXTEMPORANEOUS SPEAKING**

1. Contestants. Each Pi Kappa Delta chapter may enter one speaker in the men’s and one in the women’s contest. All contestants must be present at the beginning of each round and remain until the contest has been concluded.

2. Subject: Freedom vs. Conformity (Sub-areas: Round 1, Our heritage of freedom; Round 2, “The Organization Man”; Round 3, Contradictions in our society; Round 4, Strengthening our freedom).

3. Sub-topics. The contest committee shall arrange for the securing of sufficient and suitable sub-topics for each of the four areas.

4. Drawings. One hour before the time of speaking in each contest, the contestant shall draw by lot for a subtopic. It is expected that the speech will be prepared by the student without the assistance of anyone.

5. Contests. The rules for these contests shall be the same as those for oratory.

6. Length of Speeches. Speeches shall not be more than six minutes. Each speaker shall be given a warning by the timekeeper at the expiration of five minutes.

7. The Question Period. Each speaker shall be asked one pertinent question by a judge at the close of his original speech. The speaker must answer this question impromptu; maximum time for the answer, two minutes.

8. The Method of Judging. The method of judging shall be the same as for oratory.

9. Ranking. The method of ranking shall be the same as for oratory.

**DEBATE**

1. Each Pi Kappa Delta chapter may enter one team in the men’s division, one
team in the women’s division, and one team in the mixed division.

2. Substitutions. There may be free substitution of debaters from round to round providing the names of those to be used are included in the entry lists.

3. Question. The proposition for debate shall be, Resolved: That the non-communist nations of the world should establish an economic community.

4. Speeches. Each debater shall have two speeches, one of ten minutes and one of five. The affirmative shall introduce the constructive and the negative shall introduce the refutation speeches.

5. Rounds. All teams will take part in eight rounds of debate, the pairings of which are to be arranged by the contest committee and posted from round to round.

6. Sides. Each college must debate both sides of the question, having an equal number of affirmative and negative debates.

7. Decisions. Decisions will be rendered by single judges, who may comment on the debate but who should not announce their decisions to the debaters.

8. Rankings. Both team ratings and decisions will be taken into account in determining awards. All teams winning all or seven of the eight rounds shall be declared “Superior” teams regardless of their proficiency ratings. All teams with a rating of from 4.5 to 5.0 shall also be declared “Superior” teams even though they may have won fewer than seven debates. All teams winning six of the eight rounds shall be declared “Excellent” teams regardless of their proficiency ratings. All teams with a rating of from 4.0 to 4.49 shall also be declared “Excellent” teams even though they may have won fewer than six debates. All teams winning five of the eight rounds shall be declared “Good” teams regardless of their proficiency ratings. All teams with a rating of from 3.5 to 3.99 shall also be declared “Good” teams even though they may have won fewer than five debates.

9. Drawing. In order to avoid a pairing in which strong teams will meet only strong teams and weaker teams meet only weaker teams, every fourth team will be seeded on the basis of performance earlier in the year. Under this plan every team (including every seeded team) will meet two seeded teams and two only during the course of the eight rounds. Ratings of various col-

leges shall be determined by the Debate Committee with the assistance of the Province Governors and qualified Pi Kappa Delta members in the respective areas.

**DISCUSSION**

1. Subject. What should be the role of the Federal Government in regulating the economy?

2. Procedure. There will be four rounds. Each of the four rounds shall have a maximum time limit of one and one-half hours.

   Round I. Definition and delineation stage. (What is the nature, extent, and significance of the problem? What terms of the discussion question need defining?)

   Round II. Problem—analysis stage. (What are the probable causes of the problem? By what criteria should probable solutions be measured?)

   Round III. Solutions stage. (What possible solutions are there? What is the best solution for the problem? Use criteria for evaluating and eliminating solutions.)

   Round IV. Solutions stage. (Continue evaluation of solutions.)

3. Discussion leader. A discussion leader shall be appointed by the Discussion Contest Committee for each section of Round I. At the conclusion of Round I, II, III, and IV, the members of each section shall elect one of their members to serve as the discussion leader for the following round.

4. Participants. Each Pi Kappa Delta chapter may enter one man and one woman student in discussion. Men and women will discuss together but their ratings will be tabulated separately for the purpose of determining awards at the conclusion of the convention.

5. Judging. A faculty observer will sit with each section. It shall be his function to check attendance, serve as a guide in procedure, and evaluate the participants. The faculty observer shall evaluate each participant on his knowledge of the discussion question, his use of critical thinking, and his cooperation with other members of the group. Also, all sections shall be observed by a panel of five traveling judges. Each of the five traveling judges will spend a minimum of fifteen minutes with each section. It shall be the function of the traveling judges to compare and evaluate the quality of work being done by the sections they visit. Each member will receive the average evaluation awarded by the traveling judges.
for his section. At the conclusion of Round IV, each participant will complete an evaluation for each member of his section. Each participant's final score will consist of the sum of the evaluations awarded him by the faculty observers (66⅔ per cent), the evaluation awarded his section by the traveling judges (16⅔ per cent), and the average of evaluations given by the members of his section (16⅔ per cent). Faculty observers will use a different rating scale for evaluating discussion leaders and discussion participants.

6. Ranking. The discussion participants ranking in the upper 10 per cent will be rated "Superior"; those in the next 20 per cent will be rated "Excellent"; those in the next 30 per cent will be rated "Good." Men and women will be ranked separately at the conclusion of the convention. Students must participate in each of the four rounds to be eligible for a final rating.

JEFFREY BARLOW

Jeffrey Barlow is a junior at Southern Illinois University, where he is majoring in history. He comes from Benton, Illinois, and graduated from the high school there. At Southern Illinois University he has made the Dean's List for scholastic honors, has been a member of the University Student Council, and has been a Resident Fellow.

In the area of forensics, Jeff helped his university win a superior in Sweepstakes at the Pi Kappa Delta National Convention two years ago in Stillwater, Oklahoma. He has won the Illinois State Extempore Speaking championship, and was winner of the Mid-West Forensic Association Debate championship in 1962.

Currently, he is the secretary-treasurer of the Illinois Upsilon chapter, which is serving as the host chapter for this Convention.

CHRISTINE YARRINGTON

Christine Yarrington is a member of the junior class at Millikin University, Decatur, Illinois. Her present plans are to go directly to law school at the end of this year and to receive her degree from Millikin in absentia.

At Millikin, Christine has been secretary of the Young Republican Club, editor of the creative writing club magazine, winner of the sophomore history prize, and holder of both Reader's Digest and Delta Delta Delta scholarships.

A graduate of the Keokuk, Iowa, high school, she has participated in debate, oratory, discussion, and extempore, and is president of Illinois Tau of Pi Kappa Delta.

Like Jeffrey Barlow, Miss Yarrington has qualified for the degree of special distinction.

Student representatives on the National Council are members of the Council in every sense of the word, except that they hold office only so long as they are undergraduates. They meet with the Council, may initiate and carry on discussion, and vote on all matters which come before the Council for action. They are on the Council to make sure that the Council is kept aware of the opinions and wishes of the undergraduate members of the fraternity. If there is an idea that you think should be considered, you, the undergraduate members of Pi Kappa Delta, should confer with your representatives. They are your voice.

They have been elected in accordance with the provisions of the Constitution of the fraternity, which reads as follows on the matter: "The chapter which is to be host to the National Biennial Convention shall elect, not later than the fifteenth of October prior to the Convention, a Student Representative on the National Council. The second student representative, who shall be of the opposite sex, shall be elected from one of the other chapters in the host province, the election being held not later than the fifteenth of November, following that of the first Student Representative."
Part II: The First Fifty Years

Our Fiftieth Anniversary: A Record of Achievement

RAYMOND YEAGER, National President

On May 29, 1963, Pi Kappa Delta, national forensics honorary, will be fifty years old. Recognizing ability in debate, discussion, oratory and extemporaneous speaking, the society has achieved several notable accomplishments.

Pi Kappa Delta has become the largest honorary of its kind in terms of number of chapters and total membership. More than 260 charters have been granted and over 36,000 members initiated. This may be attributed to the organization's more liberal policy of granting charters to smaller institutions, and its more vigorous policy of sponsoring regional and national conventions and tournaments. With strict attendance requirements, national conventions have been attended by upwards of 1,000 members.

This forensic society is the only collegiate one that has provided several orders (oratory, debate, instruction) in which membership may be earned, and a series of degrees (fraternity, proficiency, honor, special distinction) through which a member may progress from year to year. The orders and degrees are distinguished by a series of jewels culminating in the distinction of wearing a diamond in the key.

Pi Kappa Delta has made a number of contributions to forensics for which it may be proud. It was the first of the forensic societies to hold a national convention (1916 at Washburn University, Topeka, Kansas). In 1920 it sponsored the first oratorical contest as part of its program (at Morning-side College, Sioux City, Iowa). It was the first honorary to adopt the policy of selecting a national debate question for all of its chapters to use (1922 at Simpson College, Iowa). Out of one of its chapters, Southwestern College, Winfield, Kansas, came the first debate tournament (1922). Pi Kappa Delta was the first to add the contest in extemporaneous speaking to its national program (1924 at Bradley Polytechnic Insti-

ute, Peoria, Illinois). It was also the first to add the debate tournament to its national program (1926 at Fort Collins and Greeley, Colorado). At the latter convention the society also became first to establish an effective provincial system to sponsor activities on the regional level (the nation is divided into ten provinces).

The concept which resulted in the creation of Pi Kappa Delta was the realization of the need for a means of providing recognition for orators and debaters in the smaller colleges. The idea came almost simultaneously to two of the founders, John A. Shields and Egbert Ray Nichols.

In the autumn of 1911 Shields was a junior at Ottawa University, Ottawa, Kansas, and Nichols, who had been a professor of English for two years (1909-1911) at Ottawa, began his work as head of the Department of Composition and Public Speaking at Ripon College, Wisconsin. The two men were friends and kept in touch through occasional letters.

Prof. Nichols took his debaters on a trip to Lawrence College, Appleton, Wisconsin, where they discovered the debaters there were wearing a forensic key. Lawrence College had just been admitted to an organization which at the time established only one chapter in a state. This suggested to the Ripon debaters the need for a new organization.

In Kansas, Shields had also discovered the need for such a society. When the speakers in the Kansas State Prohibition Oratorical Association assembled in Manhattan, Shields found another person, Edgar A. Vaughn, who was also interested in a means of giving recognition to orators and debaters.

The Ripon group adopted a constitution which they sent to Shields at Ottawa. It was approved by the Kansas group with some changes. Suggestions for the design of the
key were also made. After some modification, a pear-shaped key with two jewels was accepted, and the first key was ordered by Vaughn in January, 1913.

The name for the organization was supplied by Miss Grace Goodrich, a student in Greek at Ripon College. Pi Kappa Delta was chosen because it was composed of the initial letters of the phrase, *Peitho Kale Dikaia*, “the art of persuasion, beautiful and just.”

Shields selected the officers from the founders, and, as secretary, cast the ballot which put them into office. Nichols became the first president; Vaughn, vice-president and chairman of the charter committee; Shields served as secretary-treasurer; and J. H. Krenmyre, Iowa Wesleyan, became historian. A. L. Crookham, Southwestern College, Kansas, and P. C. Sommerville, Illinois Wesleyan, were appointed to the charter committee.

In 1926 Pi Kappa Delta started publishing the winning speeches in its national convention, entitled, *Winning Inter-Collegiate Debates and Orations*. Since 1957, the society has devoted a session of each convention to professional problems, with a guest speaker. The same year a tradition was started with a Distinguished Alumnus Award at each convention.

Now, in March, 1963, Southern Illinois University is the host for Pi Kappa Delta’s fiftieth anniversary. If the achievements of the next fifty years match those of the first, Pi Kappa Delta will have indeed made a memorable contribution to public speaking—and to our nation!

**MISSION ACCOMPLISHED**

Sunday, February 10, 1963, was a memorable day at Northern Michigan College on the white frozen shore of Lake Superior, for its new Kappa chapter was formally initiated into PKD. This hardy enterprising Upper Peninsula campus of 3,000 students was visited on that date by an initiating team headed by Dr. Emil Pister from Central Michigan University. Thirteen proud forensic students coached by Prof. John Monsma entered the ranks of national Pi Kappa Delta. William Primm, Barbara Dawson, and Meredith Johnson, student members of Theta chapter, Central Michigan University, assisted in the ceremony, impressively conducting the installation ceremony of new members and officers from memory. Dr. Gilbert Rau, advisor of the Mt. Pleasant chapter, completed the team.

Present was Prof. John Monsma, advisor of the new Kappa chapter at Northern. Prof. Monsma received his order of instruction in PKD while at Bowling Green University. Prof. Forrest Roberts, Chairman of the Speech Department, gave an interesting account of the rise and development of forensics at Northern in his twenty-eight years of outstanding leadership. Dr. Milton Byrd, Vice-President in charge of Academic Affairs, spoke on the topic of extracurricular activities and the genuine place that forensics plays. Dr. Albert H. Burrows, now of the Northern faculty, founder of the PKD chapter at Chadron State College, Nebraska, reminisced about his early years there. Dr. Jean Pearman, Chairman of the Department of Economics and Sociology at Northern, recalled that he was a charter member of the Chadron chapter founded by Dr. Burrows. Dr. Pearman stated that joining PKD was one of the important experiences of his career, and in looking back at debate training said, “Debate helped me to grind a little harder on academic subjects.” Also in attendance was Prof. Ron Brown of the Northern faculty, who earned his PKD membership at Gustavus-Adolphus College, Minnesota.

Following the initiation, students and faculty enjoyed one of the best steak dinners in the world.

The initiating team left the campus at Mt. Pleasant on Sunday at 8:30 a.m., arriving on the campus at Northern Michigan College campus in Marquette six and a half hours later. After a delightful five hours of memorable Pi Kap experiences on the Northern Michigan College campus, the homeward trip was begun. Eight hours later, the initiating team arrived back in Mt. Pleasant at 4:30 a.m.—in plenty of time for eight o’clock classes. Mission accomplished.
Founder Tells of the Early Days of Pi Kappa Delta

JOHN A. SHIELDS

(Note: So far as the editor of The Forensic has been able to discover, the story of the founding of Pi Kappa Delta has never been fully told before by one of its two founders, although the history of those early times written by E. R. Nichols, first president of the order, has often been reprinted. The editor finds real pleasure then in bringing, as a special anniversary feature, this account by John A. Shields. It is reprinted from Tasty Talk, the alumni magazine of Ottawa University, by whom it was especially commissioned.)

"In the beginning," Pi Kappa Delta— unlike the heaven and the earth—was not "created." It did not "spring full-panoplied from the head of Jove," nor was it conceived and brought forth by a meeting of delegates formally convened for that purpose. Like Topsy, it "jist grewed."

Obviously, Pi Kappa Delta was born somewhere, sometime. I was "there" at the "time"; I know exactly "why" and "how" the event took place, but I do not know precisely "when" and "where" it may be said to have occurred. What actually transpired was not a sharply defined event, but a process of evolution.

Ottawa University is Pi Kappa Delta's undisputed birthplace. The ideas to which its origin is traced were generated on this campus. Its original roots were nurtured in this soil. It was conceived, developed, promoted and launched from here. Ottawa Alpha was the first Chapter; still active after fifty years, it is the "Mother Chapter" of those now established in more than two hundred leading colleges and universities from coast to coast.

Entering Ottawa as a freshman in 1909, I met the new English Professor, E. R. Nichols, which was the beginning of a friendship that continued more than forty years, until his death. By that time there were two state oratorical contests in Kansas, the so-called "Old Line" and the new Intercollegiate. Nichols was my coach, and we won both of them in the spring of 1910. During that first year Nichols and I were very closely associated, and we talked about many things. Though neither of us, at that time, had the slightest idea of promoting a Forensic Fraternity, Pi Kappa Delta eventually evolved from this friendship.

Ottawa University was then awarding an "O" to outstanding athletes. Nichols advocated some such recognition of speakers and debaters in his department. Debating was not offered in the college curriculum and I contended that it should be. During that first year our discussions did not proceed much beyond these two points. We agreed in promoting both of them, but our efforts were not successful.

In the fall of 1910 we abandoned the "O" idea and concentrated on a substitute for curriculum debating. The opportunities offered by the Literary Societies were limited and unsatisfactory. We rounded up about a dozen student debaters who met at my place one evening each week to study debating as an extracurricular activity. We not only studied the art of debating but also practiced it, using topics of current interest such as Government Ownership, Woman Suffrage, Central Banks, Income Tax, Prohibition, Minimum Wages, Compulsory Arbitration of Labor Disputes, etc. For two hours each week we "chewed the fat," criticized each other's presentations, and listened to Professor Nichols' counsel. Dr. Gordis named us "Deinon Legein" (Terrible Talkers). O.U. won most of its intercollegiate debates.

Later in the year Nichols came across a news item about the organization of Tau Kappa Alpha, a speakers' honorary fraternity, which had been started at Butler University and was being established in several Indiana colleges. Some of our "Deinon Legein" boys were interested, some were not. I wrote to Tau Kappa Alpha requesting information about the new fraternity; Nichols signed the letter because he had
met some of the T.K.A. boys. For a long time there was no reply; finally we were briefly informed that T.K.A. was concentrating in Indiana and adjacent states, and was not interested in "a small Kansas college."

We then heard of Delta Sigma Rho, a debating fraternity originating at the University of Minnesota, which had established chapters in several state universities and other large colleges. I had attended Law School at the U. of M. with some of the D.S.R. leaders, so I wrote to them. D.S.R. promptly sent an emissary from its chapter at the University of Missouri to "look us over." Nichols and I entertained him for a day or two. He told us they were interested in establishing a chapter in Kansas; they wanted only one or two to a state; Ottawa was "a small college" and they were negotiating with K.U. Thus endeth the Delta Sigma Rho episode. (It may be interesting to note that T.K.A. and D.S.R. now rank respectively second and third in membership and number of chapters in the U. S., while Pi Kappa Delta ranks first, being about three times the size of the other two combined.)

We were disappointed over the outcome of the T.K.A. and D.S.R. affairs; but not too much, for our sights really had never been much above the local level. One day I said, "Nick, a dozen small Kansas colleges would be interested in an intercollegiate debating society. Either they have already been turned down, or will be rejected by these big fellows if they apply." Raising my sights a little, I proceeded, "A similar situation exists in Missouri, Iowa, Nebraska."

"Yes," he demurred, "but we’re not in a position to do anything about it. It would take time and money to organize even the Kansas colleges. I’ve lived in the state less than two years, and you’re only a sophomore in a small college. We haven’t the necessary ‘Prestige’ to do it."

"Look here," I persisted, raising my sights to a dizzying height, "you’re an officer in the national organization of College Speech Teachers; you’ve met many of these professors from over the country. You have a wide reputation as a winning coach. As for me, I have won both State oratoricals, am president of the Kansas Intercollegiate, president-elect of the National Intercollegiate; Kansas’ turn for naming the president of the Inter-State Oratorical is coming up, and I have been endorsed by the ‘Old Line’ State for that office. We may not swing much weight on this campus, but throughout the Midwest, where they don’t know us personally, we have what it takes. Let’s write some letters; you furnish the ‘brains’ and the ‘front,’ I’ll do the work and pay the postage. It’s as simple as that!"

It is most extraordinary, come to think of it, almost incredible, that in one small college, at one time, there were two people who had no more sense than that!

So we wrote “some letters”—more than 200 of them all told. Nichols provided the list of his professor friends and signed their letters. For two years before coming to Ottawa I was employed as a Field Secretary, organizing study clubs in colleges throughout the Midwest; I had visited more than a hundred of them, and had a first-rate list of personal contacts; I wrote them letters. The response was not overwhelming, but it was gratifying. Among those replying favorably were several who later became Governors, Congressmen, U. S. Senators, a Cabinet member—even while still in college they were the “right kind” of men. Both State Oratorical Associations in Kansas endorsed the plan.

Writing 200 initial letters was quite a job, but it was not a "patch on" what followed. The responses had to be answered; they were from keen men, good debaters, who had to be "sold" on a rather nebulous proposition. The correspondence became voluminous, and it stretched out over many months. I belatedly realized that I had tackled a bigger job than I imagined it would be.

Nichols joined the faculty at Ripon College, Wisc., in the fall of 1911; thenceforward our contact was by mail. He promptly organized a debating club at Ripon, similar to "Deimon Legein," which was named "Pi Kappa Delta." Thereupon he encountered difficulty. The college authorities at Ripon vetoed any "Greek Letter Fraternity."

Nichols and I agreed that a meeting of those interested would be desirable, if possible. I thought it was possible; he didn’t think so. Nevertheless, we selected about twenty-five of our "most promising" correspondents, and I wrote them letters proposing a meeting. After "threshing over" the matter for two or three months, 12 of
them “tentatively” promised to attend a meeting at Topeka during Christmas holidays in 1911. Francis Case of Dakota Wesleyan (later U. S. Senator) submitted an agenda for the meeting, which was approved by those who expected to attend. In brief, the agenda named Nichols as temporary president, and me as general secretary; and the president was authorized to appoint a constitution committee.

I was the only one who “showed up” at that meeting. In reporting it, as general secretary, I omitted the list of “those present” and merely stated that the agenda was unanimously approved. E. A. Vaughn, a Kansas man who was then at Alabama Polytechnic Institute, Auburn, Ala., wired me that he was at home for the holidays and would stop at Ottawa to see me the following week. In response to my suggestion, Nichols appointed Vaughn and me, together with a Ripon man whose name I do not recall, as the Constitution Committee; he also sent me a copy of Ripon’s Pi Kappa Delta Constitution.

At my home in Ottawa, Vaughn and I “worked over” the constitution for several days. The Ripon document served as a model, but several important changes were incorporated in it. We then submitted our revision to the Ripon people. They made a few changes, including a description of the Key. Copies passed back and forth among us five or six times—I do not know how many copies of the various revisions I made—before a final form was agreed upon with the Ripon boys. I then undertook to get it approved by those from other colleges who were interested. After working on it by mail for nearly a year, we decided it was a hopeless task. Everyone proposed a minor change or two; the latest revision was eventually submitted to those with whom we were corresponding and they were asked (on a more or less “take or leave it” basis) to sign it as National Founders. The list of signatures, as completed in January, 1913, is as follows:

John A. Shields, Ottawa University
E. R. Nichols, Ripon College
E. A. Vaughn, Auburn Polytechnic, Alabama
J. H. Krenmyre, Iowa Wesleyan
C. J. Boddy, Kansas Wesleyan
Frank P. Johnson, Morningside College
A. L. Crookham, Southwestern College
P. C. Somerville, Illinois Wesleyan

H. O. Pritchard, Cotner College, Nebraska
Dan C. Lockwood, College of Emporia

We then had a Constitution and ten Founders but no Members. The Constitution provided that Charters were to be issued to local Chapters, and the Founders were to become members of their local Chapters, when organized. I immediately invited four friends to an informal meeting at my home, and we applied for a Charter. Those signing the application were John A. Shields, Jesse E. Elder, Leland H. Jenkins, Sam Marsh, and Charles T. Battin. A few days later the Charter was issued and Ottawa Alpha Chapter No. 1 of Pi Kappa Delta was formally organized at a dinner meeting at the home of Mr. Jenks, on South Main Street, in Ottawa. The above five applicants were given Membership Certificates and Fraternity Keys numbered 1 through 5, and thus they became the Charter members of the original Chapter of Pi Kappa Delta.

By the end of the 1913 school year about 15 Charters had been granted. Ripon very much desired Charter No. 2, but it was delayed several months because of local “fraternity” difficulties; Monmouth College, in Illinois, and Southwestern College, in Kansas, encountered like opposition by college authorities. I was “called on the carpet” at Ottawa to face a similar difficulty; I did not request “permission to proceed,” but merely announced what we had “already done”; and “that was that.” Charter No. 2 was issued to Iowa Wesleyan, No. 3 to Washburn; these were quickly followed by Cotner College, Nebraska Wesleyan, Central College (Iowa), Morningside, Kansas State, Colorado State, and Occidental and Redlands in California. There are now 210 active Chapters, and about 36,000 enrolled members from every state and a few foreign countries.

Speech is the mirror of the soul; as a man speaks, so he is.

FOUR CHAPTERS CELEBRATE GOLDEN ANNIVERSARIES

It is a remarkable tribute to the effectiveness of the principles upon which Pi Kappa Delta was founded—and to the wisdom of its founders—that of the five chapters which were granted in 1913, four are still active and are this year celebrating their Golden Anniversaries along with the national organization. Those four chapters are Ottawa University (Kansas Alpha), Washburn University (Kansas Beta), Nebraska Wesleyan University (Nebraska Alpha), and Ripon College (Wisconsin Alpha). The Forensic is happy to print here the story of anniversary activities on those campuses.

NEBRASKA WESLEYAN UNIVERSITY

During the academic year 1962-63 Nebraska Alpha is observing on campus the 50th Anniversary Year of PKD since this chapter received its charter on May 15, 1913.

Major events scheduled are these:

October 8—A Student-Faculty Coffee honoring Dr. Harold Bosley, Pastor of Christ Methodist Church, New York City. Dr. Bosley, an alumnus of our chapter, is a noted lecturer and author and spoke at Nebraska Wesleyan’s 75th Anniversary Banquet.

October 12—Collegiate Discussion Conference with Dr. Leslie Kreps, Chairman, Department of Speech, Oklahoma State University, as guest lecturer. Dr. Kreps, an alumnus of our chapter, also spoke at all-student convocation that day. Mr. Clarence Davis, a charter member at our chapter, participated in a symposium at the conference.

November 1—Presentation of an Honorary Membership in Pi Kappa Delta to Senator Carl Curtis. Senator Curtis gave the major address at the college’s Homecoming Convocation. Mr. Warren Urbom, a PKD Alum and Lincoln attorney, was the recipient of the Wesleyan Alumni Association Young Alumni Award.

December 6—The Promotion and Hosting of the Convocation and Colloquium hon-
oring Prof. Dr. Walter Hallstein, President of European Economic Community who gave on our campus one of the two major speeches during his recent tour of the United States. Area high school and college debaters attended the activities.

February 9—Collegiate Power-Packed Debate and Oratory Tournament.

May 15—Anniversary Banquet.

WASHBURN UNIVERSITY OF TOPEKA

Kansas Beta at Washburn University of Topeka is celebrating fifty years of fruitful and happy association with Pi Kappa Delta this year. Kansas Beta is proud to have been the third chapter to qualify for membership in the national organization, and today, as in 1913, strives toward a tradition of forensic excellence. In 1963, Washburn students attended seventeen tournaments throughout the Midwest and participated in approximately 250 rounds of debate. This is quite a contrast to the forensic season of 1913, when two or three times a year, three-speaker teams took a special train to engage some other Kansas school in a single round of debate. We anticipate something of a return to yesteryear’s more formal style of debate when we entertain a visiting team from Harvard University later this spring for an audience debate.

Other anniversary activities include the annual Spring initiation ceremony and a party afterwards to honor two of the pioneers of Washburn forensics: Mr. C. Benjamin Franklin, the prime mover behind Kansas Beta’s first chapter of Pi Kap; and Professor George Fulbright, who directed speech activities at Washburn for 26 years.

As it marks fifty years of forensics, Kansas Beta joins Pi Kappa Delta chapters throughout the nation in looking forward to the next fifty years of success.

OTTAWA UNIVERSITY

The Kansas Alpha chapter located at Ottawa University has expanded its debate program to help celebrate the golden anniversary of Pi Kappa Delta. Fifty years ago, Pi Kappa Delta was formed and established at Ottawa University. According to forensics director, Michael S. Twedt, the following students have carried the forensic and debate burden for the Ottawa debaters: Jeff Cunningham, Carl Joeckcs, Jim Anderson, Fred Coldren, Ann English, Jody Shelton, Carolyn Rauch, Don Shroock, Steve Utterback, and John Williams. In the first semester, the debaters participated in tournaments at the University of Missouri, Kansas State University, University of Wichita, Iowa State University, and the Wayne Nebraska State Tournament. Tournaments scheduled for the second semester are: William Jewell, McPherson, Nebraska Wesleyan, Kansas State KIDL, University of Nebraska, Bethel College, and the Pi Kappa Delta Nationals.

A banquet is planned in the spring for all the Ottawa Pi Kappa Delta alumni and the present Ottawa Pi Kappa Delta members. John Shields, one of the founders of Pi Kappa Delta, plans to speak at the banquet.

RIPON COLLEGE

Wisconsin Alpha is happy to report that its fiftieth year is not going unnoticed. First, it is proud of the fact that Ripon has three among the fifty distinguished alumni who have been selected for special honors at the Convention—Bruno Jacob, Allan Michie, and Spencer Tracy. Second, it is proud of the fact that Professor Emeritus Andrew Thomas Weaver of the University of Wisconsin will be guest professor of speech on the campus during the second week of April when special observances of the chapter’s fiftieth anniversary are to be held.

Of course, it goes almost without saying that Ripon is carrying on its usual full program of intercollegiate forensics, including representation and participation in the National Convention.

Dr. Franc L. McCluer, Founder of Missouri Alpha.

Professor E. A. Vaughan, National Vice-President and one of the Founders.

THEY ALSO SERVED

Many individuals aided Pi Kappa Delta in its growth in its early days. Pictured above are a few of those stalwarts. The Forensic regrets that its files do not contain more such pictures.
Fifty Famous Alumni of Pi Kappa Delta

Two years ago the National Council of Pi Kappa Delta voted, as a part of our Golden Anniversary Convention, to give special recognition to fifty distinguished living alumni. A selection committee, headed by Dr. Harvey Cromwell, Immediate Past President, was appointed, and all active chapters were invited to make nominations. The fifty names below are, therefore, announced with pride. While the committee recognizes quite well that the makeup of any list of this kind is open to dispute, and that there are certainly those not named who also have made great contributions to their profession and to the nation, the committee does not think anyone will dispute the fact that this fifty is a group of which all Pi Kappa Delta can be truly proud.

Pi Kappa Delta cites this group of its alumni who "have made distinguished contributions in their professional careers for a more worthwhile way of life."

The Roll Call of Service to the Fraternity

For many reasons—chief among them being a lack of space—it is impossible to name all those who have contributed down through these fifty years to the growth of Pi Kappa Delta. All those who have served on contest and convention committees, both at national and at provincial meetings, all those who have held office in the province organizations, all those who have been a member of the National Council, all those—but why go on? The list would include most of the members of Pi Kappa Delta. And to them all go Pi Kappa Delta’s thanks.

It has been felt appropriate, however, to give some special recognition to those who have served where the work has been hardest and longest, and where, sometimes, the tasks have been thankless. Listed here, therefore, in approximate chronological order, are the national presidents, the secretary-treasurers, and the editors of The Forensic. To them goes a hearty “well done”!

EGBERT R. NICHOLS

Egbert Ray Nichols—better known as “Nick” to his many friends—was one of the two men most instrumental in founding Pi Kappa Delta. As an instructor first at Ottawa University and then at Ripon, he joined John Shields in interesting others in the projected fraternity. Moving to California, he established a chapter at Redlands and led the way in persuading other West coast schools to join. While at Redlands, he coached a series of debate teams and speakers which were outstanding nationally.

Dr. Nichols took his Ph.B. at Franklin College in 1907 and his M.A. at Harvard in 1909, and did additional study at the University of London. Appropriately, he was Pi Kappa Delta’s first president, serving from 1913 to 1918. It was at his insistence The Forensic was published to bring the chapters closer together, and he was the magazine’s editor from 1915 to 1918. He died in 1958.

JOHN A. SHIELDS

John A. Shields is living proof of the fact that a student who is determined and who is intelligent can get things done. While a student at Ottawa University, he became convinced of the need for an organization like Pi Kappa Delta; he conferred with Professor Nichols, and the two of them pushed and pulled enough others into the project that Pi Kappa Delta came into existence. As he tells in his own story, published elsewhere in this issue, he hurried things along to ensure that Ottawa got the first chapter.

From 1915 to 1918 John Shields served as the first secretary-treasurer of the young fraternity. After that date, since he went into the business rather than the academic world, his connection with Pi Kappa Delta has been an intermittent one, though his concern for the health of the organization has always been strong.
JOHN R. MACARTHUR

John R. Macarthur, our second national president, was one of two men to have held three of the major offices of the fraternity. From 1918 to 1922 he was president; from 1916 to 1918 he was secretary; and from 1918 to 1924 he edited The Forensic. (He was never treasurer because between 1916 and 1922 the offices of secretary and treasurer were divided.)

Dr. Macarthur came to Kansas State University (then Kansas State Agricultural College) as associate professor of English in the fall of 1914, staying there until 1920, at which time he went to California Institute of Technology as Dean of Freshmen and Chairman of the Department of English.

He was the author of Ancient Greece in Modern America, and Biblical Literature and Its Background. The History of K.S.U. sums him up thus: “He was a man of rare talent, culture and charm, and his influence extended far beyond the department.” He died in 1960.

ROY PAINTER

Roy Painter is one of the few of Pi Kappa Delta’s early leaders with whom the fraternity seems to have lost contact. In 1915 John Shields wanted to resign from the office of secretary-treasurer because of the pressure of other business. When President Nichols urged him to stay in office until the National Convention of 1916, Shields agreed if he could get help with keeping the fraternity’s books. He enlisted for this task the aid of Roy Painter, then at Washburn College. Painter did the job so well that the Convention elected him treasurer for the next four years. When he resigned in 1920 to move to Hanna, Wyoming, the Convention passed the following: “Be it resolved, that the Third Biennial Convention does hereby tender to Mr. Roy Painter this testimonial of profound gratitude and sincere appreciation of his splendid work in behalf of the order.”

CHARLES A. MARSH

Pi Kappa Delta’s third national president and also its third secretary was Charles A. Marsh, who served as secretary from 1918 to 1922 and as president from 1922 to 1924.

Charles A. Marsh was born in Warren, Ohio, in 1872, received his B.S. at New Lyne Institute in 1894, and did graduate work at Oberlin College and the Columbia School of Expression. From 1907 to 1924 he was professor of speech and debate coach at Morningside College in Sioux City, Iowa. In 1917 he was largely responsible for securing a chapter of Pi Kappa Delta at Morningside. And in 1920 he acted as host to the third biennial convention which was held at Morningside.

From 1924-1936 Professor Marsh was professor of speech and debate coach at U.C.L.A., where in 1925 he founded the California Epsilon chapter. His death occurred in 1936.
ALFRED WESTFALL

No man in the history of Pi Kappa Delta has held more offices than Alfred Westfall; surely few could have served as faithfully or as well. For twenty-seven years he held major offices. He was president from 1924 to 1928; treasurer from 1920 to 1922; secretary-treasurer from 1922 to 1924, and editor of The Forensic from 1924 to 1947.

Born in Darlington, Oklahoma, in 1889, he attended Park College, where he was on the debate team for three years and was also in oratory. He was organizer and founder of the chapter at Colorado Agricultural College, where he first became a member of Pi Kappa Delta.

Taking his M.A. at Park in 1913, and his Ph.D. at the U. of Mo. in 1930, he went from instructor to head of the English Department by 1923. He died suddenly in 1953, just after his return home from the National Convention in Kalamazoo.

GEORGE FINLEY

In point of length of service, only George Finley matches the record set by Alfred Westfall. Mr. Finley was secretary-treasurer of the fraternity from 1924 to 1948. This office is a particularly time-consuming and demanding one; Pi Kappa Delta owes George Finley a debt of gratitude which it is beyond its power to pay.

George Finley was born in Parallel, Kansas, in 1876. He did his undergraduate work at Kansas State Agricultural College, where he participated in debate. His graduate work was done at the U. of Chicago, and at Teachers College of Columbia U. He received an M.A. from Kansas State in 1920.

From 1900 to 1901 he was superintendent of schools in Peru, Kansas; from 1901 to 1912 teacher of mathematics at Oklahoma U., and from 1912, until his death in 1948, professor of mathematics at Colorado State College.

WILLIAM H. VEATCH

Born in 1892, Cedar Falls, Iowa, William H. Veatch was Pi Kappa Delta's fifth president, holding office from 1928 to 1930. He also served terms as vice-president and as historian.

He took his B.A. at Iowa State Teachers College in 1913, a Ph.B. at the U. of Chicago in 1915, a Ph.M. at the U. of Wisconsin in 1920. He taught at U. of Utah, U. of Wisconsin, Dakota Wesleyan, Iowa State Teachers College, and U.C.L.A. From 1927 until his retirement in 1958, he was a member of the speech department of Washington State University, where he became a full professor.

He was a member of the following associations and learned societies: Phi Kappa Phi, Delta Sigma Rho, Theta Alpha Phi, Blackfriars, Speech Association of America, American Association of University Professors, and the Washington Educational Association.
GEORGE PFLAUM

George Pflaum was president of Pi Kappa Delta from 1930 to 1932, and presided over the National Convention held in Tulsa in 1932.

He attended College of Puget Sound, Tacoma, Washington, and North Central College, Naperville, Illinois, receiving his A.B. from the latter in 1919. In graduate study, he was given an M.A. from Cornell and a Ph.D. from the U. of Michigan. He started teaching in 1919 and has been at Kansas State Teachers College, Emporia, for the past thirty-nine years.

Dr. Pflaum is responsible for the awarding of the past-president’s ring. He designed it, and possesses the first one that was awarded. He founded the Kansas Debate Association and served as its president for two years. He was also the founder of the local chapter of the American Association of University Professors.

HAROLD D. HOPKINS

H. Dana Hopkins was born in Ashley, Michigan, in 1887, and did both his undergraduate and his graduate work at the University of Michigan, where he was a member of the Society Cup Debate Teams. He holds Key No. 9504.

After receiving his M.A. from Michigan, he taught at Heidelberg College from 1923 to 1943. From 1943 to 1951 he was president of Defiance College, Defiance, Ohio. From Academic, he went into business work, becoming national executive secretary of the National Association and Council of Business Schools from 1951 to 1957, and executive secretary of the Accrediting Commission for Business Schools from 1957 to 1962. At present he is consultant to the Accrediting Commission for Business Schools; otherwise he calls himself “retired.” He was national president from 1932-1934.

GEORGE MCCARTY

George McCarty is that rare thing, a debate coach with a long and successful record who did not debate himself while he was in college. He took his B.A. at Indiana University and his M.A. at Columbia University, and has done graduate work at the State University of Iowa.

Born in 1889 at Ft. Branch, Indiana, George McCarty has taught at South Dakota State College, at Indiana State College, and at Whittier College. At present he is professor of speech and director of forensics at the University of Dayton, Dayton, Ohio.

Although officially retired from Indiana State in 1956, he has been visiting professor of speech at William and Mary, Coe, and the University of Dubuque.

He was national president from 1934 to 1936.
SYLVESTER R. TOUSSAINT

Better known as "Syl" to his friends, Sylvester R. Toussaint has served the fraternity in major office twice. He was national president from 1936 to 1938, and secretary-treasurer from 1948 to 1953.

Born in 1902 in Milwaukee, Wisconsin, Dr. Toussaint attended Ripon College, where he debated for four years. He holds the Degree of Special Distinction in Debate and Instruction. He received an M.A. from the U. of Michigan in 1927 and a Ph.D. from the U. of Wisconsin in 1938.

From 1923 to 1926 he was instructor in English and speech at Ripon, and from 1926-1937 he was professor of speech at Monmouth College. Since 1938 he has been at Colorado State College, where he has been Acting Director of the Graduate School, Director of the department of student personnel, and professor of speech.

FORREST H. ROSE

National president of Pi Kappa Delta from 1938 to 1940, Forrest H. Rose is now dean of Southeast Missouri State College, Cape Girardeau, Missouri. Despite his academic duties, he has maintained a continuing interest in the fraternity and has been a frequent visitor to and participant in many National Conventions.

Dean Rose was born at Lewis Center, Ohio, in 1899. He did his undergraduate work at Ohio Wesleyan University, where he was on the debate squad for three years, and where he joined Delta Sigma Rho. He holds the degree of Special Distinction in debate and instruction. He did his graduate work at the University of Wisconsin, holding a Ph.D.

After leaving Ohio Wesleyan, he taught at the high school level for two years, then at Park College, and Kansas Wesleyan, before going to Cape Girardeau.

WILLIAM V. O'CONNELL

At the time teaching at Northern Illinois State Teachers College, W. V. O'Connell was elected to the presidency of the fraternity in 1940 and served until 1942. He presided at the Convention held in Minneapolis, the last Convention until the war was over.

He became a member of Pi Kappa Delta at Emporia State Teachers College, Emporia, Kansas, in 1917, and became a forensic coach at East Central State College, Ada, Oklahoma, in 1927. In 1933 he left Oklahoma and went to Battle Creek College. In 1939 he became head of the speech department at Northern Illinois State Teachers College.

At present Professor O'Connell is teaching at Texas Lutheran College, Seguin, Texas.
GLENN R. CAPP

Born in 1910, Westminster, Texas, Glenn Capp served the shortest time in office of any of our presidents. He was elected president at the Minneapolis Convention in 1942. However, he was called into military service before he was able to complete his term of office.

He did his undergraduate work at Oklahoma Baptist, where he debated for four years, winning 93 per cent of his many debates. He holds Special Distinction in debate, oratory, and instruction. He took an M.A. and an LL.B. at U. of Southern California and at Northwestern.

After a year at Oklahoma Baptist Univ., he joined the faculty of Baylor University, where he has remained as head of the department of speech since 1934. He is the author of Practical Debating, How to Communicate Orally, and Famous Speeches in American History.

MARTIN J. HOLCOMB

Martin J. Holcomb served a longer term as national president than anyone since the days of the founding fathers of the order. When Glenn Capp was called into service shortly after his election in 1942, Martin Holcomb, who had been elected as vice-president, took over as president. Because of the difficulties of wartime travel, another Convention was not held until 1947; so it was he who carried the fraternity through the difficult war years.

Born in Clay Center, Kansas, in 1895, he debated as an undergraduate at Bethany College, Lindsborg, Kansas, and did his graduate work at Northwestern. For twelve years a teacher at Bethany College, he left to go to Augustana College, Rock Island, Ill., where he is now in his thirty-third year. His debate teams have been among the most successful in the nation.

EDWARD S. BETZ

Known to those who attended the National Convention in 1961 as the speaker success of the event, Edward S. Betz was born in Centralia, Ill., in 1909. He attended Hastings College, where he did debate, oratory, and extempore for four years. He won a provincial debate championship, took second place in the National in 1928, and went to the quarterfinals in 1930. He holds the degree of Special Distinction in all orders. In 1930 he was student representative on the National Council. From 1947 to 1949 he was national president.

The holder of the M.A. degree from University of Denver, Professor Betz was a member of the speech faculty of Hastings College from 1936 to 1938. Since 1938 he has been at the University of the Pacific, where he coached and taught for some years, but is now dean of students.
WILBUR E. MOORE

Wilbur E. Moore served as editor of The Forensic of Pi Kappa Delta from 1947 to 1951. He is now Vice-President, Academic Affairs, at Central Michigan University, Mount Pleasant.

He was born in 1904 in Cameron, Missouri, and took his B.A. from Missouri Wesleyan College in 1926. As an undergraduate, he went to the semi-finals in the Province of Missouri in 1925, and took second place in the Missouri-Kansas Debate League in 1926. He did his graduate work at the University of Iowa, being awarded a Ph.D. in 1936.

He has taught at Colorado State University, at Kent State, U. of Denver, U. of the Pacific, Ohio State, and U. of Michigan. He has been Governor of the Province of the Lakes, president of the Central States Speech Association, and consulting editor of The Speech Teacher.

SHEROD J. COLLINS

Born in 1900 in northeast Missouri, Sherod Collins has stayed largely in that area to win his distinctions. He attended Northeast Missouri State Teachers College, in Kirksville, Missouri, where he was a strong debater. He participated in contests with teams from Cambridge and Oxford and was given the Regents Award his senior year. He took his M.A. at the University of Missouri and did additional graduate work at the State University of Iowa. After a few years as a high school teacher and a superintendent of schools, he came to K.S.T.C., where he is Assistant Professor of Speech.

Sherod Collins is one of the few debate coaches to have also been a successful Broadway actor, having had a highly successful run in “Dark of the Moon.” He was national president of Pi Kappa Delta from 1949 to 1951.

ROY D. MAHAFFEY

As an undergraduate at Ottawa University and at Linfield College, Roy Mahaffey participated in debate and individual events, going to the finals in oratory at the National Convention in Tiffin, Ohio, in 1928. In the same year he was the winner of the State Old Line Oratorical Contest. He holds Special Distinction in all three orders.

Born in Pontiac, Illinois, in 1904, he went on to do graduate work at the University of Southern California after leaving Linfield. He holds the degrees of B.A., M.A., and L.H.D. He has taught at L.S.U., U.S.C., University of Florida, and the University of Montana. He is now head of the speech and drama department at Linfield.

He has been president of the Oregon Speech Association twice and of the Western Speech Association. He was president of Pi Kappa Delta from 1951 to 1953.
HARVEY CROMWELL

Harvey Cromwell was born at Wanette, Oklahoma, in 1907 and received a B.S. degree at East Central State College, where he debated for three years. He is a charter member of the East Central State chapter and holds the degree of Special Distinction in instruction.

He has done graduate work at State University of Iowa, Oklahoma University, and Purdue, from the last of which he received a Ph.D. He has taught at MacMurray College and Purdue University. He has also been an agent for the Metropolitan Life Insurance Company and Coordinator of Instructor Training, USAFTC, Sheppard Field, Texas. At present he is Professor and Head, Department of Speech, and Director of the Program for Superior Students, Mississippi State College for Women. He was editor of The Forensic from 1951-1955 and national president 1959-1961.

JOHN W. RANDOLPH

John Randolph was president of Pi Kappa Delta from 1953-1955. During his administration the fraternity held its first West Coast national convention at Redlands, California. He is the present editor of The Forensic, his term expiring at the close of the current semester.

He was born in Corydon, Kentucky, in 1911, took his B.A. at Central College in 1932, and his Ph.D. at Vanderbilt University in 1939. From 1936-1943 he was Instructor in English and Debate coach at Central Methodist College, and since 1943, except for two years’ service with the Navy during World War II, has been at Westminster College, Fulton, Missouri, where he is chairman of the Department of English.

He has been president of the Missouri Association of Debate Directors and Governor of the Province of Missouri.

D. J. NABORS

In August, 1957, D. J. Nabors received an Ed.D. degree from the University of Oklahoma. The title of his dissertation was “The Historical Development of Intercollegiate Forensic Activities, 1915-1956.” No person could have been better qualified to write on this subject, since Dr. Nabors has been active in forensics for the major part of his life.

Born in Texas, D. J. Nabors debated for three years at East Central State College, Ada, Oklahoma. After graduation he was briefly in high school work, then spent six years at Peru State Teachers College, Nebraska, as Chairman of the Department of Speech. In 1937 he became head of the department at his alma mater, East Central State.

Elected to the National Council in 1948 and again in 1951, he resigned from the council in 1953 to become National Secretary-Treasurer, an office which he has held to this date.
THEODORE F. NELSON

Better known as Ted to his many friends, Theodore F. Nelson was born in St. James, Minnesota, in 1906 and attended Gustavus-Adolphus College, St. Peter, Minnesota, from which he received a B.A. degree, *cum laude.* He was a debater and an orator as an undergraduate and holds the degree of Special Distinction in instruction. He has an M.A. from the University of Minnesota and a Ph.D. from the State University of Iowa.

He is the co-author of two speech books, *Personality Through Speech* and *Speech and Your Personality,* and a contributor to the *Quarterly Journal of Speech.*

Since 1946 he has been Professor of Speech and Chairman of the Department of Speech at St. Olaf College. After serving on the National Council of Pi Kappa Delta, he was elected as its national president for 1955 to 1957.

EMMETT T. LONG

Emmett T. Long was born in 1923 in Kaufman, Texas, and attended Pepperdine College, Los Angeles, California. As an undergraduate he participated in all the forensic events, was first in debate at the Pi Kappa Delta provincial for three consecutive years and first in debate at the Western States Tourney for three consecutive years. He is a holder of two B.A. degrees, one in speech and one in English, and an M.A. from the University of Southern California.

He has been Assistant Professor of Speech and Director of Forensics and Director of Admissions at Pepperdine, Registrar and Admissions Officer at California Institute of Technology and is currently Dean of Admissions and Associate Professor of Speech, Orange State College, Fullerton, California. He served as editor of *The Forensic* from 1955-1959.

LAURENCE E. NORTON

Laurence E. Norton is a native of Minnesota, being born at West Concord in 1906.
