Dr. Twedt will check with the business office about getting a desk and cabinets for the big room.

The record player in the library needs fixing.

The station is progressing! Lyle stated that we have a few extra DJ's, consequently, there is a possibility of expansion.

Some of the Blacks on campus are demanding that more soul music be played. Lyle stated that there is already sould music from 9:00-12:00 on Tuesday, night, Friday night, plus the fact that out of the top 40, 20 are by Black groups. Also, Black music is put out in most of the shows, for example, jazz is done by a Black.

Bob made a motion to have underground Tuesday nights as there is a person willing to do it. The motion was accepted by acclimation.

Meeting adjourned.

Respectfully submitted,

*Wayne*
