Vice President for University Relations
Ottawa University
Ottawa, US 66067

Dear Jack:

The "Keep The Juice On" letter is excellent! I can't think of a single addition, except to remind our KTJO alumni to take a tour of the station's present facilities while on campus for homecoming.

On page 2, there are some things in the 70's that are notable and could be included.

- 1). 1971-1973 Interested Ottawa High School Students got their turn at broadcasting one night a week as part of OHS Speech Classes. ✓
- 2). 1974 McMartin Console and Revox Tape Decks acquired. (These are still in use). ✓

I'm not sure of the year, but the most notable story about the fire in Tauy Jones involved KTJO and how it survived the blaze along with it's operator. A lot of us love to hear that tale.

That's all the input I have. I'll be looking forward to seeing the final draft in the mail, and to visiting with everyone on the campus at Homecoming.

Sincerely,

Alden Weatherbie
