

## **Campus Security Policies, Crime Statistics and Crime Log**

Annually, Ottawa University submits an Annual Security Report for each of its campuses to the U.S. Department of Education. This report includes the Security Policies and Crime Statistics for each campus. For residential campuses, the reports also include Fire Safety policies and statistics.

The Crime Report that is submitted is based on data gathered in the Crime Log maintained at each campus as well as reports by local police and other departments on campus. The crime statistics for each campus for the past three years are provided in the report. Notice of the availability of the reports is provided to all current students and employees as well as prospective students and employees and is made available on the Ottawa University website.

Please visit our website for specifics on each campus and the policies, procedures, and local crime statistics for each campus.
