

ANNOUNCEMENT OF RESULTS

Seven p.m. today is the hour of doom or victory for all contestants. At that time, in Shryock Auditorium, the contest committees will announce superiors and excellents and distribute full results. The contest chairman will state sweepstakes winners.

Those who receive a superior rating will be asked to pose for a picture which will be published in THE FORENSIC.

THE KEY gives its thanks to Roger Hurlburt (for his office, time and good nature), to members of the mimeo room (for work at irregular hours) and to the manager of the cafeteria (as Chm. of the Circulation Dept. of THE KEY).

Anyone turning in "arrest tickets" for other than meter violations should reclaim their tickets in the Mississippi Room of the Union.

CHECK-OUT PROCEDURE

Delegates wishing to check out from Thompson Point should return their towels and linen along with their room key to the service desk in Lentz Hall at the Point. Delegates wanting to check out at times when the desk is closed must either have a friend check out or tie the items in a bundle and leave their name and school pinned to the bundle.

CONVENTION DANCE A SUCCESS

Between 300 and 400 Pi Kappa delegates and visitors attended the Convention Dance last night in the ballroom and enjoyed the varied music of Glen Baum and his orchestra. Our hosts at SIU are to be congratulated on the arrangements.

WHERE HONOR IS DUE

THE KEY wishes to express its appreciation to those people from SIU and the Carbondale community who have helped to make the Golden Anniversary Convention such an outstanding success. Thanks are due to Clarence Daugherty and the staff of the University Center, Guy Moore and John Carlyle and the Housing Staff, I. Clark Davis and the Office of Student Affairs, Pendlemen, McKeefery and Grinell and the Office of the President, Horton Talley and Ralph Micken of the School of Communications, Ben Porrier and the Extension Service, the staff of the Information Service, Tom Tudor of Southern Illinois Inc., Leonard Benning of the Carbondale Chamber of Commerce, Paul Isbel and staff from Auxiliary Enterprises, Stokes and Cooper of Photography, Leiter and the staff of the EGYPTIAN, M. Jack Parker and his assistant Annette Mulvaney who kept the tournament running smoothly, and those debaters and students from SIU who also served. Our heartfelt thanks to these people.

If you noticed host Jack Parker wearing a daffodil for a boutonniere, the act was not entirely an attempt to personal adornment. Jack is nursemaid, these days, at 1,000 jonquils which have been sent in as a gift to the Convention from the Province of the Northwest. They will be distributed as favors by every plate at the banquet.

The only trouble is that the jonquils arrived by air express in bud form. So Jack has been bathing them in a stainless steel vat back of the ballroom so as to coax them into bloom. His wearing his daffodil last night was a sign that Jack and Mother Nature have triumphed.

8:00 a.m. - Debate VII, Disc. IV
 9:30 a.m. - Debate VIII

COMMITTEE REPORTS TO BE MAIN TOPIC OF SATURDAY MEETING

Reports from the Charter Committee, (chairman, Georgia Bowman) from the Committee on Convention Invitations (chairman, Glenn Reddick), from the Resolutions Committee (chairman, Doyle Ward) and from the Committee on Convention Evaluation (chairman, Wm. DeMougeot) will be presented at the business meeting Saturday afternoon. The issues which arise are often some of the most important matters considered during the convention. For example, at Stillwater, 11 of 14 changes of convention procedure were put into effect this convention--changes in oratory script rules, in requiring judges to prepare ballots for debaters, in plans to use local judges, in setting standards for judge qualifications, in selecting extemp topics.

INCIDENTAL INFORMATION

Several pictures taken during the convention, including the group pictures, are displayed in the case to the left of the information desk in the Union. Order blanks may be obtained at the PKD information desk. Order forms may be returned on Saturday between 9:00 and 11:30 a.m. The 8x10 prints are \$1 each. The prints will be mailed.

THE KEY extends PKD's thanks to the girls at the information desk at the Union for their patience in the face of endless inquiries from delegates.

CHAIRMANSHIP OPEN: Idaho State College (will be Idaho State University on July 1, 1963), 6 hours teaching load plus departmental administration. Ph.D. desirable. See Prof. Corben or Dr. Isaacson.

WANTED: A ride to Texas. Twin wants to see twin. Brad Kent, Westminster College, wants to know if anyone going toward Texas has room for one more. Brad's twin brother Cal is a student at Baylor University, and Brad wants to visit Cal. If this is a little confusing so is trying to tell the twins apart. In their freshmen year, both were students at Westminster. In the state tournament, a judge downgraded Cal, later decided she had been unjust. As she explained to Brad, she graded him up in a later contest to make up for what she had done. Brad--or was it Cal?--didn't enlighten her.

FOUND: a pair of black-rimmed, prescription bifocals in the Union parking lot. Owner can claim at PKD information desk.

When George McCarty was officially retired at Indiana State College in 1956, he was given the citation "Professor Emeritus of Speech". However, he has not retired. Currently director of forensics and prof. of speech at the University of Dayton, he has served in twice as many colleges since retirement as before retirement. Concerning the designation "Prof. Emeritus", George observes, "Don't let that thing throw you. That merely means 'Get the hell out of here'."

WANTED: person to share chartered aircraft from Carbondale to St. Louis Saturday afternoon--departure time flexible--cost \$12. (Return trip free if desired). Leave name and local address at information desk, Union. -- Carl Albert, UCLA delegation.

There is still mail to be picked up at the information desk.

"Did you hear the story of my briefcase?", asks Dr. Teufel. "We flew from Grove City, Pa. to St. Louis. I picked up 'my' briefcase and proceeded to Carbondale. The businessman in St. Louis, desperately needing his case, called my wife in Grove City, who called me here. I put his briefcase on an Ozark plane going north. He put my case on an Ozark plane headed south. Two happy guys at two airports welcomed lost briefcases."
