WELCOME FROM THE KEY No. 1

For two years most of us have been planning and scheming for the National Convention and looking forward to the big trip to the West Coast. The "waiting" is now over and the plans have been brought to fruition! Few people are actually aware of the amount of work that is required to set up much an organizational meeting and to gather so many people together. The work is not just on the part of the National Council and the various committees, but also on the part of the individual chapters throughout the country.

It is the wish of the Staff of THE KEY that this convention will be everything that everyone hoped for, and that you will all participate wholeheartedly in all of the activities of the convention and the tournament. As in most other activities, you will get out of it only as much as you put into it.

THE KEY is the official organ of the convention and is published (?) to keep you informed during the convention. Many items of importance that cannot be presented during business meetings will find their way to the delegates in these pages. We will hope to print little interesting sidelights and personal items for your enlightenment and amusement as well. We invite you to submit news to the members of the staff of THE KEY.

Co-editors of THE KEY are L. A. Lawrence, Frank Alusow and Gilbert Rau. Associate Editors are Ruth Ellis, Warren Derbidge and Gerry Neely. Distribution will be made by breakfast starting Tuesday morning.

PRESIDENT AND VICE-PRESIDENT TO BE ELECTED

In the interest of "good old American politice" THE KEY has decided to carry the following campaign statements for the candidates for the office of President and Vice-President of Pi Kappa Delta. The campaign statements were prepared by students of the candidates from biographical information furnished by the candidates.

DR. GEORGIA B. BOWMAN, currently vice president of Pi Kappa Delta, first became a member while a student at William Jewell College. She earned the diamond key in two orders following four years of forensic activities. Dr. Bowman ("Coach" to her students) truly is outstanding in the area of education and communication. As a student she received her Masters and Ph.D. in speech from the State University of Iowa (Iowa City) following a B.A. in journalism from the University of Missouri. Besides teaching in the area of forensics, she has taught journalism (though obviously not to any of us), Latin and French. Applying her forensic abilities in a different manner Dr. B. has served in the program department of WLW radio, Cincinnati, Ohio; as a Radio Chief for the Red Cross during World War II, and presently as faculty advisor of our student newspaper. Always active in forensics, coach Bowman has served on the National Coundil of Pi Kappa Delta since 1957 in the capacity of Province co-ordinator (1957-9) and Chairman of the Charter Committee (1959 to present). Other speech organizations of which she is a member include the Speech Association of America where she serves as a member of the Legislative Assembly and on the Advisory Board. Dr. Bowman has always given the impression that there is nothing she has not done or cannot do as is evidenced by the four debators and one brilliant coach who arrived despite floods in Iowa, and the tangled web of airline scheduling.

re-elected. Prof Karl was primarily responsible for the Washington Epsilon Chapter receiving its charter at the Bradly University Convention. This month will be the 16th anniversary of the Epsilon Chapter's charter and we are proud to say that those years have been active and reqarding to the members and to those who have come in contact with the workings of the chapter. We don't believe that any past or present members of the organization would look back and deny that Prof Karl has played a vital role in the stimulation and performance of those activities. The variety and responsibilities of the numerous positions he has held have not prevented him from being vitally interested in each of his students and the furthering of the goals of Pi Kappa Delta on the local, provincial and national levels.

HAROLD LARSON of Carrol College, is not only adequately qualified for the office of President; but would be an asset to our Fratenity. He has had long and varied experiences with PiKappa Delta. In addition to being a member and chapter Advisor for 16 years, he has been governor of the Province of the Sioux for two years, Governor of Province of Illinois and a member of the National Council for two terms. As province co-ordinator he has initiated the joint meetings of Province Governors and National Council Members from which many new policies of the Fraternity have grown. Mr. Larson is not tied to tradition, always having many significant suggestions to keep the Fraternity abreast with the times. We feel his most important qualification is his concern not only for PKD policies but also in his many personal friends in the Fraternity in all parts of the country and his general concern for the Fraternity as a whole.

D. J. Nabors:

Mr. Nabors is a Charter member of Eta Chapter in Oklahoma. Elected to the PKD Council in 1949, he served as Vice President in 1953; during this same year he took over the office of Secretary-Treasurer when Ayl Toussaint resigned that office for health reasons. This office was filled by him for ten years, until 1963. In tjat year, the office having been previously limited by constitutional provision, the By-laws were changed in order that he might serve for the Golden Anniversary in 1963.

Nabors was elected again to the council 1963. Over the past 16 years he has served in 3 offices for PKD. He served as Chairman of the Charter Committee for 6 years, and has also filled the position of Province Governor for the Province of the Lower Mississippi. This year he is Contest Chairman for the 1965 Convention.
