University-Oran, Interpretation and  
Interpersonal Communication  
Activities:  
Elected Governor of the Province of  
the Upper Mississippi (1978); PKD  
Nominating Committee (1977)

PI KAPPER ON THE MOVE

John Bliese, Director of Forensics at Wisconsin-Oshkosh, isn't quite sure where he should declare his legal residence these days. His recent itinerary has had him constantly on the move.

John began his travels by attending the Southeastern Medical Association convention in Nashville, where he delivered a paper entitled "Battle Orations in Twelfth Century Chronicles." He then came to St. Louis for the Central States Speech Association Convention where he again delivered a paper, this time on the subject "Rhetoric in the Twelfth Century Renaissance." John also served as moderator for a Rhetorical Theory and Criticism Interest Group panel discussion. John remained in St. Louis for the Pi Kap Convention, but must leave today for the Southern States Speech Convention in Biloxi, Mississippi. Again, John will deliver a paper, but one with a different focus--"Richard Weaver: Rhetoric and Culture." John is a serious student of Weaver, a relationship which reflects his interest in rhetorical theory and history. John Bliese is a forensic person with scholarly research interests. Our hats off to the successful Pi Kapper, who by this time is getting travel weary.

ANNOUNCEMENT

The final round of the Oral History Interview will be held in the Coach Room (3rd floor Chase) at 2 p.m., Thursday.

Six past presidents of Pi Kappa Delta will be interviewed by six student members of PKD. The student interviewers are: Becky Mayfield of the University of Central Arkansas, Rob Keller of Evangel College, Mike Gray of Cameron University, Keith Kopp of William Jewell College, Penny Moyer of Bloomsburg State College, and Angela Russo of California State.

RUMORS ABOUT A V.I.P. AT CHASE-PARK

A standard question floating around the convention earlier this week was "Was that really Jonathan Winters I just saw?" The answer is "Yes!" Jonathan Winters was indeed a guest here at the Chase Park Plaza. In fact, he interacted with some of our fraternity members. KEY and Forensic Associate Editor Bob Beagle had a lengthy conversation/interview with the popular comedian, and the York College (Pa.) delegation entertained him in their suite. Yes, entertained him. Winters, you see, accepted their invitation to watch the Academy Awards with them. Although a star, Winters is very accessible and enjoys being with people. Unlike many personalities, he doesn't brush off the public.

Additionally, Winters is a former forensic participant who remains very interested in the activity, especially debate. He's got a lot of thoughts about the role of debate and some sophisticated notions about good debating. Look for the article about Winters and his special interview in the May issue of the Forensic. He's a great guy, and he thinks conventions like ours are tremendous activities.

PKD POT POURRICAREER BENEFITS

PKD affiliation does help. A holder of highest distinction in the Province of the Colonies recently impressed her potential employer by stating that she was a delegate to this national convention. Apparently this activity gave her the necessary edge over the other applicants. Result: this HD got the job.

TRAVEL TIPSTER

If you want a nice place to stay enroute home, ask Russ Crawford for directions to Chamberlain, South Dakota.

LOST

A tie pin shaped to form #1. If found, contact Emmitt Taylor, room 7612.

NONVERBAL SYMBOL

Have you noticed the large number of individuals who are wearing black three-cornered hats? These more than thirty-five people are the "colonists" from the Province of the Colonies. Just as the original colonies were unique and united, so is the Province of the Colonies, and the hats are a symbol of the united front.

PUZZLE FOR THE DAY

Which delegation put in a supply of one full case of California's finest, to last them for at least a portion of the convention?

ANSWER: The same delegation that invented "Flash" Bienoti. KEY has learned that Flash does not really exist but was the product of too much California sunshine and the consumption of a case of California's finest.

DEMANDING FREE AND EQUAL AIRTIME

Jim Goes and Steve Beckley of Idaho Gamma wish to emphasize that they do not have "wild fantasies" about women. Who needs fantasies when one has the real thing? Ladies wishing to explore the story further, check room 5411.

MACHO MAN Who is the "Macho Man" from Ripon? And what exactly is he supposed to "get on"? If anything to offer, check out room 6572.

JOHN SPRING of Southern Illinois tells us that his favorite convention activity is looking for a good time. (That means, according to John, blondes!) Any blonde (female, we hope) who wants to oblige, contact John. Any sisters who want to straighten him out, do the same.
