

TEACHER PREPARATION PROGRAM REPORT

Ottawa University submits reports annually to the Kansas Department of Education (KSDE) and to the Arizona Department of Education (AZDE). The states then submit these reports to the U.S. Department of Education. Currently, Ottawa University is required to report such information as (1) the identification and completion of goals, (2) a description of activities the institution has implemented to meet various assurances, and (3) pass rates and scaled scores for the most recent year for which information is available on assessments used by the state for teacher certification or licensure. The most recent data available (2008-2009) cites the following:

	Program Completers	Pass Rate
Kansas	53	100%
Arizona	142	91%

The most recent reports submitted to the KSDE and the AZDE can be found on the next two links.
